Board of Sanskrit Examinations.

CALCUTTA,
The 12th May 1912.

RAVENSHAW COLLEGE, CUTTACK.

NOTICE.

THE Ravenshaw College will reopen after the long vacation on the 1st July 1912. Applications for admission will be received by the Principal up to the 20th June 1912. Preference will be given to applicants belonging to Orissa.

Applications must be made on a printed form which can be obtained at the College office either by personal application or on receipt of a stamped and addressed envelope. The form shows the combinations of subjects which a candidate may offer.

RAVENSHAW COLLEGE, CUTTACK.

SESSION 1912-13.

Form of application for admission.

Instructions for guidance.

Preference will be given to applicants (for the first-year class) who are residents of Orissa and who have passed the Matriculation Examination in the first and second divisions. Admission will be made according to priority of application. Candidates who have failed twice will not be admitted into the second-year class. Accommodation in the Science classes being limited, only those who pass the Matriculation in the first division will be admitted into them, provided also that a candidate for Botany has undergone a course of training in Drawing. Only candidates who take Logic in the Inter. Arts will be allowed to take Philosophy in the B.A. No candidate is permitted to take Physics or Chemistry for the B.Sc. (of course in other colleges) unless he has taken both Mathematics and Physics for the Intermediate. A student passing I.Sc. may read for B.A. with Sanskrit, Philosophy or History provided he passes the Intermediate in Sanskrit or Logic or History at the end of the third year.

Residence of Students.

Students not living with parents or guardians are required by the University Rules to reside either in the College Hostel or in an approved mess. Guardians other than parents must sign the annexed declaration. Admission into the Hostel will be made according to priority of admission into the College. NOTICE.

THE GOVERNMENT COMMERCIAL INSTITUTE.

SESSION 1912-13.

303, Bowbazar Street, Calcutta.

The Day Course.

THERE are two day classes—a first-year class and a second-year class. For the students of these classes the following course of study is prescribed:—

(1) Modern English, and especially English Correspondence, including Commercial Correspondence, Letter-drafting and Précis-writing.
(2) Arithmetic, including Commercial and Mental Arithmetic.
(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
(4) One of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.
(5) Commercial Geography.

Arrangements are made to enable those students who may wish to do so to study two or all of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects:—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures," of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to

incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

The holders of the above certificates are liked by the business people. Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination.

New session will open on the 2nd July 1912. Application for admission will now be received. Prospectus may be had from the Principal.

SENATE HOUSE, *the 1st June 1912.*

PRESIDENCY COLLEGE, SESSION 1912-13.

AMENDED NOTICE

APPLICATIONS for admission into the Intermediate classes of the Presidency College will be received up to Saturday, the 8th June, and those for B.A. and B.Sc. classes up to Saturday, the 15th June. Applications received before these dates will be first considered. Applications received after these dates can only be considered, if the classes to which admission is sought have not been filled up already from among candidates who apply before the 9th and 16th June respectively.

Applications must be made on a printed form. This will be supplied together with a statement showing the combinations of subjects which may be offered by Presidency College students at the Intermediate, B. A., and B. Sc. Examinations and other conditions of admission on receipt of a stamped and addressed envelope or upon personal application at the College office.

The attention of Presidency College students who pass the Intermediate and Degree Examinations is specially called to the importance of application *within the dates above specified* (the 15th May to the 15th June) Their prior claim is recognized, but this does not remove the necessity in present circumstances of formal application on their part.

H. R. JAMES, *Principal, Presidency College.*

Arrangements will be made for systematic courses of lectures, tutorial classes, moot courts and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or of a member of the staff.

The College fees will be Rs. 6 per month. An admission fee of Rs. 6 will be charged in the case of first admission to the College.

Sixteen scholarships of Rs. 10 a month, each tenable for one year, have been established. Five of these will be open to competition among students of the first-year class, six among the students of the second-year class and five among the students of the third-year class. The scholarships in the first-year class will be awarded towards the end of September upon the results of the College test to be held at that time; those in the second-year class will be awarded upon the results of the preliminary examination in Law, and those in the third-year class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from July. Twenty scholarships of Rs. 6 a month, tenable for one year, will also be awarded from the endowment established by the Maharaja of Cossimbazar.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the results of the final examination in Law and on condition that the recipients do prosecute a course of study for the M.L. Examination under the direction of the Principal.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July 1912.

Students are recommended in all cases to take their admission before the 1st July 1912.

To the College is attached an extensive Law Library containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

From the ensuing session, the College will be held in the spacious apartments of the Darbhanga Buildings just completed, and ample provision will be made for reading rooms.

During the last session, the Hon'ble the Vice-Chancellor presided over many of the moot courts. This arrangement will be continued during the ensuing session. Courses of lectures will also be delivered for the benefit of M.L. students; except by special order, no one will be admitted to these lectures who has not taken his Degree in Law from the University College.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta. Further information as also a detailed programme of the work may be obtained on application to the Librarian, University Law College, Senate House, Calcutta.

SENATE HOUSE;
The 15th May 1912.

G. C. MOOKERJEE,
Assistant Registrar.

CALCUTTA UNIVERSITY.

NOTICE.

FROM the 1st of July 1912, University Lecturers for M.A. students will be re-organised and arrangements will be made for the delivery of regular lectures in sufficient numbers to cover every important portion of the course.

The following arrangements have already been made in English and Pure Mathematics:—

ENGLISH.

Principal Herambachandra Maitra, M.A.—4 lectures a week throughout the year.

Mr. Rabindra Nath Dutt, M.A.—8 lectures a week throughout the year.

PURE MATHEMATICS.

Dr. Syamadas Mookerjee, M.A., Ph.D.—10 lectures a week throughout the year.

Dr. Haridas Bagchi, M.A., Ph.D.—10 lectures a week throughout the year.

In addition to these, special courses will be arranged for in different departments of the above subjects of which details will be announced hereafter.

There will also be regular classes in History and Mental and Moral Philosophy, of which full particulars will shortly be published.

The fee will be Rs. 6 a month in each subject. Students who intend to join the above classes are requested to apply at once, as only a limited number of students would be admitted at present.

By order of the Hon'ble the Vice-Chancellor,

G. C. MOOKERJEE, *Asst. Registrar.*

SENATE HOUSE, *the 8th June 1912.*

The 1st June 1912.—In continuation of this office notification, dated the 23rd March 1912, announcing the re-election for another year of four Research scholars, it is hereby further notified that another Research scholar, named below, has been re-elected to hold his scholarship of Rs. 100 a month for one year more, with effect from the date noted against his name:—

NAME.	Subject.	Place of work.	When first elected.	Date from which re-elected.
Jatindra Mohun Dutta, M.A	Chemistry	Dacca College.	April 1911	April 1912.

[*N.B.*—It should be distinctly understood that these scholarships are not tenable for more than three years, and that ordinarily if the scholars work satisfactorily the tenure of their scholarships will be for that period.]

G. W. KÜCHLER,
Director of Public Instruction, Bengal.

NOTICE.

THE Sub-Overseer class attached to the Rangpur Technical School will be opened on the 27th June 1912.

Candidates who have passed the Matriculation Examination of the Calcutta University or who have passed in English and Mathematics only at the Matriculation or B final will be eligible for admission into the 2nd-year class. B final passed and last year's Sub-Overseer candidates will be taken into the 3rd-year class. All applications for admission should be sent to the Superintendent of the Rangpur Technical School, who is also to be addressed for further information.

Advertisement of Sale.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Midnapore, will be put up to sale at the Midnapore Collectorate on Wednesday, the 26th of June 1912, corresponding with 13th Ashar 1319 A.S.

The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1st.—The estates to be sold to the highest bidder above the upset price which will be fixed by the Collector at the time of sale. The purchaser of these estates will be considered as the proprietor of the estates, and the entire proprietory right of Government in such estates will be transferred to them subject to the revenue fixed in perpetuity.

2nd.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the Revenue authorities.

3rd.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4th.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government), and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement, as in the case of original sale.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

(a) The increase is due to greater movements of marriage parties.
(b) The increase is chiefly in coal.
* The increase of 18·76 mean miles is due to the opening of Nadia Ganges to Ka'wa (21·04 miles) of the Hooghly-Katwa section from the 15th May 1912.

GENERAL DEPARTMENT.

NISTARINI DASI MEMORIAL SCHOLARSHIP AND PRIZE FUND.

NOTIFICATION.

No. 824T.G.—The 13th June 1912.—It is hereby notified that the Governor of Bengal, in exercise of the powers conferred upon him by sections 4 and 5 of the Charitable Endowments Act, VI of 1890, and upon the application and with the consent of Babu Hurry Churn Sil, Babu Nundo Lall Chunder and Babu Surendra Nath Maitra, M.A., all of Calcutta, the Executors of the Will of Sreemuty Nistarini Dasi, deceased, widow of the late Babu Bolye Chand Dutt, of Calcutta, doth hereby order and direct that the Government Promissory Notes for Rs. 18,000 (rupees eighteen thousand), particulars whereof are given in the first Schedule hereunder written, shall, as from the date of the first publication of this Notification, vest and be henceforth vested in the Treasurer of Charitable Endowments for the territories subject to the Government of the Presidency of Fort William in Bengal, to be held by him and his successors (subject to the provisions of the said Act and the rules from time to time framed thereunder by the Governor-General of India in Council) upon trust to permit the same to be administered in accordance with the terms of the scheme of management, particulars whereof are contained in the second Schedule hereunder written.

And it is hereby further notified that the said scheme shall come into operation, on the vesting of the said property in the said Treasurer of Charitable Endowments for the territories subject to the Government of the Presidency of Fort William in Bengal.

SCHEDULE 1.

Government Promissory Note of the Loan bearing interest at 3½ per cent. per annum as follows :—

No.		Rs.
140759 of 1854-55	...	18,000
Total	...	18,000

SCHEDULE 2.

SCHEME.

1. The endowment hereby created shall be called "The Nistarini Dasi Memorial Scholarships and Prize Fund" and shall be administered by the Principal, for the time being, of the Presidency College, Calcutta.

2. The income of the Fund shall be paid yearly to the said Principal by the Treasurer of Charitable Endowments to be expended by him as to Rs. 576 per annum, part thereof, in payment of the two scholarships hereinafter mentioned, and as to the annual surplus (estimated at Rs. 54 per annum or thereabouts) in providing the annual prize hereinafter mentioned, or for such other purposes as are also hereinafter mentioned.

3. The said two scholarships shall consist of a monthly payment of Rs. 12 each, lasting for a period of two years, and shall be awarded once a year. As in the first year the total payments will amount to Rs. 288 only (whereas in subsequent years, when the two scholarships of each year will be running concurrently with the second year payments of the preceding two scholarships, the annual payments will amount to Rs. 576), and there will be a surplus of Rs. 288, such surplus shall be disposed of in the manner hereinafter mentioned.

4. The said scholarships shall be awarded annually upon the results of the Intermediate Science and the Bachelor of Science Examinations of the Calcutta University. The annual scholarships shall ordinarily be awarded to (1) a Hindu candidate for the Bachelor of Science Examination, (2) a Hindu candidate for the Master of Science Examination, respectively, who shall have been placed in the First Division in the corresponding previous University Examinations for Intermediate Science and Bachelor of Science, respectively, provided that each such candidate—

(*a*) has obtained at least 60 per cent. marks in Physics and Mathematics in the said corresponding previous examination;

(*b*) takes up Physics as his Honours subject or has taken up Physics as his Honours subject in his corresponding previous examination;

(*c*) does not secure any other scholarship; and

(*d*) undertakes in a letter to the Principal, to prosecute a regular course of study for the B.Sc, or M.Sc. degree (as the case may be) in Physics at the Presidency College.

5. The selections for the scholarships shall be made by the Principal in consultation with the Professors of Physics, as soon as conveniently may be, after the corresponding examinations aforesaid.

They shall be guided by—

(*a*) the marks obtained by each candidate in Physics and Mathematics in his respective examination;

(*b*) testimonials of the Professors or Lecturers under whom the candidates have studied;

(*c*) the record of practical work done by the candidates in the Physical Laboratory;

(*d*) evidence of the straitened circumstances of the candidates or that it is desirable that they should receive financial aid in their studies.

In case of differences of opinion between the Principal and any Professors the decision of the Principal shall be final.

6. Both scholarships in any year may, in the discretion of the Principal, if he shall consider it desirable, be awarded to Hindu B.Sc. candidates only, or to Hindu M.Sc. candidates only.

7. From the surplus income of the Fund a prize, either in money, books or apparatus, or partly in money and partly otherwise, to be called "The Nistarini Dasi Memorial Prize," shall be awarded annually to the Hindu Intermediate Science student who shall produce the best laboratory notes on experimental work in Physics done by him, provided that he shall also have done good work in the practical class throughout the session. The recipient shall be selected by the Professor of Physics under whom the recipient of the prize worked and the prize shall be awarded in the month of July, in every year, on the recipient's promotion to the second year of the Intermediate Science class.

8. Any scholarship awarded as hereinbefore provided shall cease on the death of the recipient, or in the event of his ceasing to prosecute a regular course of study for the examination to be undertaken by him or in the event of serious misconduct (as to which the Principal's decision shall be conclusive). Any income of the Fund thereby ceasing to be expended shall be applied, in such manner as the Principal shall think fit, to the assistance of a Hindu Science student of the said College who

shall be selected by the said Principal. The surplus of Rs. 288 in the first year from the scholarships' income hereinbefore mentioned shall also be applied in like manner.

9. The first scholarships shall be awarded after the examinations held in March 1912 and the scholarships shall be paid at the College on or about the 15th day of each month, beginning with the month of June 1912.

10. The provisions of this scheme may be varied from time to time, as circumstances may require, by notification of the Local Government, and any such variation shall be settled by the Principal and the Professors of Physics of the said College with the approval of the Director of Public Instruction, Bengal, provided always that the main object of the scheme shall be the encouragement of Hindu Science students of the said College.

11. Accounts of the receipt and expenditure of the said income shall be kept by the said Principal and shall be forwarded with vouchers by him to the Director of Public Instruction once in every year after every 12 monthly payments of the said scholarships.

12. In the event of the absence or death of the Principal at any times the powers and duties exercisable and observable by him shall be exercised and observed by the person for the time being officiating in his place until his return or the appointment of his successor, as the case may be.

71. Permit to possess fireworks in excess of licensed quantities.

CHAPTER VIII.

PRECAUTIONS TO BE OBSERVED IN TRANSPORTING EXPLOSIVES.

PART I.—GENERAL.

Packing and Marking.

72. Prohibition of consignment or conveyance of improperly packed explosives.
73. Packing of explosives.
74. Packing of authorised explosives.
75. Packing of explosives which are not authorised.
76. Labelling and marking of packages.
77. Relaxation of packing rules.

Consignment.

78. Despatch of explosives to carrier.
79. Receipt of explosives by carrier.

Precautions to be observed in loading and unloading explosives.

80. Loading and unloading to be by daylight.
81. Prohibition of naked lights, etc.
82. Prohibition of smoking.
83. Prohibition of nailed boots, etc.
84. Method of handling explosives.

Loading.

RULES.

85. Protection of explosives in transit.
86. Maximum consignments allowed.
87. Explosives of different kinds to be kept apart.
88. Danger from fire and water to be guarded against.
89. Protection from naked iron or steel.

Conveyance.

90. Explosives not to be sent by public carriage or vessel.
91. Carriage or vessel to be in charge of competent person or persons.
92. Intoxicated person not to have charge of carriage or vessel.
93. Driving or navigation to be careful.
94. Prohibition of delay in transit.
95. Avoidance of danger by fire, etc.
96. Explosives not to be carried across railway bridges.

Exemptions and Savings.

97. Saving as to the conveyance of ammunition.
98. Saving as to the conveyance of small consignments.
99. Saving as to conveyance by railway.
100. Saving of liability of carrier and owner and master of a ship for breach of these rules when consignee, etc., is in fault.

PART II.—RAILWAYS.

Consignment.

101. Conveyance by railway.
102. Certain explosives not to be consigned.
103. Certificate of packing.
104. Notice of the consignment.
105. Receipt of consignment.
106. Certificate in case of nitro-compounds and chlorates.
107. Discretion of Railway to refuse improperly packed explosives.
108. Disposal of consignment on arrival at station of departure.

Loading.

109. Maximum quantities to be conveyed in one vehicle.
110. Prohibition of conveyance with inflammable substances, etc.
111. Condition of vehicle.
112. Stowing of explosives.
113. Method of stowing of explosives.
114. Method of stowing of high explosives.
115. Locking of vehicles.

Delivery.

116. Delivery to consignee.
117. Disposal when consignee fails to take delivery.
118. Protection of explosives pending removal.

Power to open packages.

RULES.

119. Opening of suspected packages.
120. Disposal of opened packages.

Precautions to be observed during loading and unloading.

121. Time of loading and unloading.
122. Loading and unloading to be continuous.
123. Place of loading and unloading.
124. Loading and unloading of Government explosives.
125. Maximum number of vehicles to be dealt with at a time.
126. Time of transhipment.

Marshalling and Shunting.

127. Maximum number of vehicles to be hauled in one train.
128. Precaution in the case of high explosives.
129. Position of vehicles in the train.
130. Shunting.
131. Limit of speed in shunting.
132. Superintendence in shunting.

Brakes.

133. Brakes.

Conveyance by passenger train.

134. Conveyance of explosives by passenger train.
135. Conveyance of explosives by mixed train.

Exemptions.

136. Saving as to cartridges for small-arms.

DRAFT RULES UNDER THE INDIAN EXPLOSIVES ACT, 1884, FOR THE MANUFACTURE, POSSESSION, SALE, TRANSPORT AND IMPORTATION OF EXPLOSIVES.

CHAPTER I.

PRELIMINARY.

Short Title

1. These rules may be called the Indian Explosives Rules, 1912.

Supersession of previous notifications; and savings.

2. All previous notifications made by the Governor-General in Council under the said sections are hereby superseded, but all licenses or duplicates granted or renewed, all fees imposed or levied and all powers conferred by or under any notification so superseded, shall, so far as they are consistent herewith, be deemed to have been respectively granted, renewed, imposed, levied or conferred hereunder.

General exemptions

3. Nothing in these rules shall apply—

(*i*) to the manufacture, possession, sale, packing, transport or importation of toy fireworks, such as paper caps for toy pistols, under such conditions and in such quantities as the Local Government, or, in the case of transport by rail, the Railway Board, on the recommendation of the Chief Inspector of Explosives, may from time to time determine;

(*ii*) to the manufacture, possession or sale of gunpowder in any of the Agency Tracts in the Ganjam, Vizagapatam and Godavari districts of the Presidency of Madras;

(*iii*) to the possession or transport of any explosive in any port in which special rules made by the Local Government under the Act are for the time being in force in so far as they are expressly superseded by, or are inconsistent with, such special rules;

(*iv*) to the packing, transport or importation of capped safety cartridge cases, if otherwise empty, when packed, transported or imported in the same consignment with arms covered by a license granted under the Indian Arms Act, 1878; [XI of 1878.]

(*v*) to—

(*a*) the manufacture, possession and sale of tri-nitro-toluol, or

(*b*) the transport and importation of the same when it is packed in staunch and substantial barrels or in cases constructed of wood not less than one inch in thickness.

Definitions

4. In these rules, unless there is anything repugnant in the subject or context:—

[IV of 1884.] (1) "The Act" means the Indian Explosives Act, 1884.

(2) "Ammunition" means any explosive when the same is enclosed in any case or contrivance, or is otherwise adapted or prepared, so as to form—

(*a*) a cartridge or charge for small-arms, cannon or any other weapon, or for blasting, or

(*b*) a safety or other fuze for blasting or for shells, or

(*c*) a tube for firing explosives, or

(*d*) a percussion-cap, detonator, fog-signal, shell, torpedo, war-rocket, or any other contrivance other than a fire-work.

(3) "Authorised explosive" means an explosive included in a list of authorised explosives prepared by the Chief Inspector of Explosives with the Government of India and in force for the time being.

(4) "Chlorate-mixture" means any explosive containing a chlorate.

(5) "Detonator" means a capsule or case which is of such strength and construction, and contains fulminate in such quantity, that the explosion of one capsule or case would communicate the explosion to other like capsules or cases.

(6) "District authority" means—

(*i*) in a Presidency town, or its suburbs or in Rangoon, the Commissioner of Police;

(*ii*) elsewhere, the Magistrate of the district.

(7) "Fulminate" means any chemical compound or mechanical mixture whatever, which, from its great susceptibility to detonation, is suitable for employment in percussion-caps or any other appliance for developing detonation, or which, from its extreme sensibility to explosion and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

(8) "Gunpowder" means gunpowder ordinarily so called.

(9) "Nitrate-mixture" means any preparation, other than gunpowder, which is formed by the mechanical mixture of nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance:—

and includes such explosives as—

Chilworth special powder,	Bobbinite, and
Ammonal,	Westfallite.

(10) "Nitro-compound" means any chemical compound which is possessed of explosive properties or is capable of combining with metals to form an explosive compound, and is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid), or of a nitrate mixed with sulphuric acid, upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

(11) "Small-arm nitro-compound" means a nitro-compound adapted and intended exclusively for use in cartridges for small-arms.

(12) "Safety cartridge"—

(*i*) means a cartridge for small-arms, the case of which can be extracted from the small-arm after firing, and which is so closed as to prevent any explosion in one cartridge being communicated to other cartridges; and

(*ii*) includes a rifle-calibre machine-gun cartridge, if it is as described in clause (*i*), whether it is for use with a machine-gun having chambers identical with those of rifles or with a machine-gun having special chambers:

Provided that the diameter of the cartridge in either case (*i*) or case (*ii*) does not exceed one inch.

(13) "Safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction, and contains an explosive in such quantity, that the burning of such fuze would not communicate laterally with other like fuzes.

(14) "Testing authority" means the Chemical Examiner or such other officer as the Local Government may appoint in this behalf.

CHAPTER II.

CLASSIFICATION OF EXPLOSIVES.

Classes of explosives.

5. (1) For the purposes of these rules, explosives shall be classified as follows, namely :—

Class	1	...	... Gunpowder.
„	2	...	... Nitrate-mixture.
„	3	...	... Nitro-compound.
„	4	...	... Chlorate-mixture.
„	5	...	... Fulminate.
„	6	...	... Ammunition.
„	7	...	... Firework.

(2) When any explosive falls within more than one of the said classes, it shall be deemed to belong exclusively to the latest of such classes.

Division of nitro-compounds.

6. Nitro-compounds shall, for the purposes of these rules, be sub-divided as follows, namely :—

(*a*) Division 1, comprising—

(*i*) such explosives as—

Ballistite, Blasting gelatine, Carbonite, Cordite, Dynamite, Gelatine dynamite, Gelignite, Nitro-glycerine, and Stonite, and

(*ii*) any chemical compound or mechanically mixed preparation which consists, either wholly or partly, of nitro-glycerine or some other liquid nitro-compound ; and

(*b*) Division 2, comprising—

(*i*) such explosives as—

Amberite No. 2, Ammonite, Bellite, Coopal's powder, E. C. sporting powder, Gun-cotton, Picric powder, Roburite, Schultz's powder, and Tonite (or cotton powder), and

(*ii*) any nitro-compound, as hereinbefore defined, which is not comprised in Division I.

Division of chlorate mixtures.

7. Chlorate-mixtures shall, for the purposes of these rules, be subdivided as follows, namely :—

(*a*) Division 1, comprising—

(*i*) such explosives as—

Permonite and Polarite, and

(*ii*) any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound, and

(*b*) Division 2, comprising—

(*i*) such explosives as—

Cheddite, and
Steelite, and

(*ii*) any chlorate-mixture, as hereinbefore defined, which is not comprised in Division 1.

Division of fulminates.

8. Fulminates shall, for the purposes of these rules, be sub-divided as follows, namely :—

(*a*) Division 1, comprising such compounds as the fulminates of silver and of mercury, and preparations of those substances, such as are used in percussion-caps, and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of compounds of phosphorus, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with sulphuret, with or without carbonaceous matter; and

(*b*) Division 2, comprising such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diazobenzol, and the nitrate of diazobenzol.

Division of ammunition.

9. Ammunition shall, for the purposes of these rules, be sub-divided as follows, namely :—

(*a*) Division 1, comprising exclusively—

Safety cartridges,
Safety fuzes for blasting,
Railway fog-signals, and
Percussion-caps; and

(*b*) Division 2, comprising any ammunition, as hereinbefore defined, which *does not contain* its own means of ignition and is not included in Division 1, such as—

Cartridges for small-arms, other than safety cartridges,
Cartridges and charges for cannon, shells, mines, blasting or other like purposes,
Shells and torpedoes containing any explosive,
Fuzes for blasting, other than safety fuzes,
Fuzes for shells,
Tubes for firing explosives, and
War-rockets,

which do not contain their own means of ignition; and

(*c*) Division 3, comprising any ammunition, as hereinbefore defined, which *contains* its own means of ignition and is not included in Division 1, such as—

Detonators,
Cartridges for small-arms, which are not safety cartridges,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells, and
Tubes for firing explosives,

containing their own means of ignition.

Explanations.—The expression "ammunition containing its own means of ignition" means ammunition having an arrangement, whether attached to or forming part of the ammunition, which is adapted to explode or fire the ammunition by friction or percussion.

The expression "percussion-cap" does not include a detonator.

Division of fireworks

10. Fireworks shall, for the purposes of these rules, be sub-divided as follows, namely:—

(*a*) Division 1, comprising *firework compositions*, that is to say,—

(*i*) any chemical compound or mechanically mixed preparation of an explosive or inflammable nature, which is used for the purpose of making manufactured fireworks, and is not included in any of the foregoing definitions,

(*ii*) any star, and

(*iii*) (except as declared in the proviso to this rule) any coloured fire composition; and

(*b*) Division 2, comprising *manufactured fireworks*, that is say, any explosive of Class 1, 2, 3, 4 or 6 and any firework composition, when such explosive or composition is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, toy cap or amorce, serpent, rocket (other than a war rocket), maroon, lance, wheel, Chinese fire, Roman candle, or other article specially adapted for the production of pyrotechnic effects or pyrotechnic signals or sound signals:

Provided that a substantially constructed and hermetically closed metal case, containing not more than one pound of coloured fire composition of such a nature as not to be liable to spontaneous ignition, shall be deemed to be a "manufactured firework" and not a "firework composition".

CHAPTER III.

IMPORTATION.

When license to import is requisite

11. No explosive shall be imported into British India by land or sea—

(*i*) unless it is an authorised explosive,

(*ii*) except under and in accordance with the conditions of a license granted under these rules:

Provided that nothing in sub-clause (*ii*) of this rule shall apply to—

(*a*) an explosive conveyed or landed under rule 21 or rule 22;

(*b*) any explosive coming under the head of ammunition as defined by the Indian Arms Act, 1878, imported by any person lawfully entitled under that Act or the rules thereunder for the time being in force to possess such explosive, in such quantities as may be prescribed by that Act or the rules thereunder for the time being in force, or (when no quantities are prescribed) in reasonable quantities for his own private use:

Further provided that when an explosive is so imported, the Collector of Customs or any other officer empowered by the Local Government in this behalf may at any time detain such explosive until he receives the orders of the Local Government thereon.

Ports at which importation by sea is permitted.

12. An explosive shall not be imported by sea except into the ports of—

Calcutta (including Moyapur and Diamond Harbour),	Madras,
Rangoon,	Bombay,
	Calicut,
	Karachi, and
	Aden :

Provided that—

(*i*) crackers may be imported into the ports of Negapatam and Moulmein ;

(*ii*) an explosive which has passed the test (if any) prescribed by these rules at Rangoon, Madras or Bombay, may be re-imported—

(*a*) from Rangoon into the ports of Akyab, Moulmein, Sandoway, Kyaukpyu, Tavoy, Mergui and Victoria Point,

(*b*) from Madras into the ports of Tuticorin, Cochin, Bimlipatam, Coconada, Negapatam, Mangalore, Gopalpore, Vizagapatam, Pamban and Masulipatam, or

(*c*) from Bombay into the ports of Cochin and Mangalore, and

(*iii*) an explosive which has passed the test prescribed by the rules for the time being in force made by the Governor of the Straits Settlements in Council under the Explosives Ordinance, 1899, or such other law for the time being in force in those Settlements, may be imported from Penang into the port of Victoria Point.

Importation of explosives from Portuguese India.

13. No explosives, other than those required *bonâ fide* for blasting purposes, shall be imported from Portuguese India.

Testing of explosives.

Testing of imported explosives.

14. No license for the importation of an explosive shall be granted unless such explosive is certified by the testing authority to have passed the test (if any) prescribed by rule 16 for such explosives.

Explosives exempted from testing.

15. No test shall be necessary :—

(*i*) in the case of gunpowder, ammunition (Division I), fulminates and fireworks ; or

(*ii*) in the case of a nitrate-mixture :

Provided that—

(*a*) the Local Government or the licensing authority may direct that any nitrate-mixture shall be subjected to such analysis by such officer as the Local Government may prescribe ; and

(*b*) where an analysis has been prescribed under sub-clause (*a*), such nitrate-mixture is certified by the officer appointed as aforesaid to have passed such analysis.

Nature of test prescribed.

16. Any explosive not specified in rule 15 shall be subject to the test set forth in Schedule I as applicable to such explosive.

Exemption of re-imported explosives from testing.

17. (1) When an explosive required by rule 16 to be tested—

(*a*) has been tested at any of the ports at which importation by sea is permitted under rule 12 and has been imported thence, or

(*b*) is re-imported or imported under and in accordance with provisos (*ii*) and (*iii*) to rule 12.

such explosive shall be exempted from any fresh test under these rules provided that it is accompanied by—

(*i*) a certificate of such testing, and

(*ii*) (in the case of a nitro-compound or a chlorate-mixture) a certificate or (provided the original is produced for verification) copy of a certificate that the explosive is of standard purity, and (in the case of dynamite or any nitro-glycerine compound) that there are no signs of liquefaction or of exuded nitro-glycerine.

(2) The certificate referred to in sub-clause (*ii*) of clause (1)—

(*a*) shall bear the signature of one of the officers mentioned in clause (2) of rule 106 or, if the explosives are imported from Penang, of the officer authorised in this behalf by the Government of the Straits Settlements, and

(*b*) shall ordinarily be valid for six months after date: provided that, in the case of dynamite and other nitro-glycerine compounds which are not used as propellants as defined in rule 73,

(*i*) such certificate shall lapse on the 31st July, and

(*ii*) a fresh certificate may be demanded for each consignment imported between the 1st April and the 31st July (both inclusive).

Procedure on arrival of ship in port.

18. On the arrival in any port at which the importation of explosives is lawful of a ship having on board an explosive, such officer as the Chief Customs-officer of the port may authorise in this behalf shall, as soon as may be, proceed on board, and if analysis or testing is required by these rules, obtain samples of the explosive; and the master of the ship shall give to such officer, without charge, such samples as he may require.

Despatch of samples to the testing authority.

19. The officer taking samples of the explosive under rule 18 shall affix to each such sample the name of the ship and of the consignee and such other distinguishing marks as he may think necessary and shall forward the same to the testing authority.

Testing of samples by the testing authority.

20. The testing authority shall test or analyse the samples (as the case may be) and shall without delay forward to the licensing authority (through the Chief Customs-officer) a report under his signature certifying whether the explosive has satisfied the prescribed test or analysis.

Importation in anticipation of the grant of a license to import.

Importation by sea in anticipation of the grant of a license.

21. Any authorised explosive may—

(*a*) if it is certified by the manufacturer to be of British manufacture; or

(*b*) (not being of British manufacture) if it is imported from the United Kingdom and is covered by a certificate granted by one of His Majesty's Inspectors of Explosives in the United Kingdom showing that it has passed the United Kingdom tests; or

(*c*) (not being of British manufacture) if the Governor-General in Council, being satisfied that it has been manufactured under adequate official supervision, permits;

be imported by sea and landed, in anticipation of the grant of a license to import, at any port at which the landing of

such explosive is permitted under rule 12 in accordance with such regulations as the Local Government may prescribe in this behalf.

Importation by land in anticipation of the grant of a license.

22. Any authorised explosive may be imported into British India by land in anticipation of the grant of a license to import if it is certified by the manufacturer to be of British manufacture.

Requirements to be fulfilled by importer and consignee prior to importation.

23. No explosive shall be imported or landed under rule 21 or 22 until the consignee has given notice of his intention to import such explosive to the Chief Customs-officer or the district authority in whose jurisdiction the place or magazine appointed under rule 24 is situated, and has given to such officer an undertaking (without security or with such security as that officer deems sufficient) that he will, in the event of the explosive failing to pass the prescribed test or analysis, comply with such directions as to its disposal as the Local Government may issue.

Disposal of explosives imported.

24. An explosive imported or landed under rules 21 and 22 shall, under such conditions as may be prescribed by the Local Government, be conveyed to and stored in a place set apart by the Local Government for this purpose or any private magazine declared by the Local Government to be suitable therefor:

Provided that explosives not of British manufacture shall not be transported by rail until a license to import such explosives has been granted.

Delivery of samples by owner or person in charge of the magazine and the testing of such samples.

25. The person owning or being in charge of the magazine to which the explosive imported by land has been conveyed under rule 24 shall, if analysis or testing of the explosive is required by these rules, forthwith deliver without charge to such officer or person as may be appointed by the Local Government in this behalf such samples as he may require.

The samples shall be tested or analysed in accordance with the procedure laid down in rules 19 and 20, the report of the testing officer being forwarded to the licensing authority through the officer or person from whom he received the samples.

Distribution prohibited till license is granted.

26. The explosive shall not be removed or distributed from the place or magazine to which it has been conveyed under rule 24, until a license has been granted for its importation and until the person in charge of the magazine has received notice from the licensing authority that it may be so removed or distributed.

CHAPTER IV.

TRANSPORT.

When license to transport is requisite.

27. Explosives required *bonâ fide* for blasting purposes shall not be transported except under and in accordance with a license granted under these rules:

Provided that nothing in this rule shall apply to—

(*i*) the transport by the holder of a license in Form E of any of the explosives covered by his license, and of safety fuzes for blasting in such quantities as he may require for his private use,

(*ii*) the transport of explosives which are covered by a license for their importation and are being transported in accordance with such license from the port or other place of import to the place of destination,

(*iii*) the transport of explosives from the port or other place of import under rule 24 to the places indicated in that rule.

Licenses for the general transport of explosives for blasting.

Application for license for general transport.

28. An application for a license in Form 2 (for the general transport of explosives for blasting purposes) shall be inwriting and shall state particulars as to the place from which, and the place or places to which, it is desired to transport explosives.

Procedure in granting a license for general transport.

29. When the place or places to which explosives are to be transported is or are outside the local limits of the authority of the licensing officer, a copy of the licehse shall be forthwith sent to the district authority in whose jurisdiction such place is situated.

Procedure in transporting explosives under license for general transport.

30. Every consignment of explosives transported under a license in Form 2 shall be accompanied by a pass issued by the licensee in the form prescribed in Form 2; and such pass shall (if the consignment be despatched by rail) be attached to the way-bill or invoice, as the case may be.

Procedure in issuing passes.

31. A copy of every pass issued under rule 30 shall forthwith be sent—

(*i*) to the licensing authority; and

(*ii*) when the place to which the consignment is sent is outside the local limits of the authority of the licensing officer, to the officer indicated in rule 29.

CHAPTER V.

MANUFACTURE, POSSESSION AND SALE.

Manufacture.

When license to manufacture is requisite.

32. An explosive shall not be manufactured except under and in accordance with the conditions of a license granted under these rules for such manufacture:

Provided that no license under this rule to manufacture shall be necessary—

(*a*) for the making of a small quantity of an explosive for the purpose of chemical experiment and not for practical use or for sale; or

(*b*) for the filling for private use, and not for sale, of any safety cartridges to the amount allowed by these rules to be possessed for private use; or

(*c*) in the case of any person who, holding a license under these rules to possess an explosive—

(*i*) fills with the said explosive, for sale or otherwise, cartridges for small-arms; or

(*ii*) by filling cartridges, making charges, or drying, sifting, fitting or otherwise, adapts or prepares the said explosive for use exclusively in his mine or quarry or in some excavation or work carried on by him or under his control.

Conditions to be observed by persons filling cartridges.

33. The following conditions shall be observed by every person filling cartridges for small-arms under clause (*c*) (*i*) of the proviso to rule 32:—

(*a*) there shall not be in the room in which such filling is being carried on more than five pounds of gunpowder or small-arm nitro-compound or such quantity of any other explosive as is prescribed by the Local Government in this behalf unless it is made up into safety cartridges;

(*b*) no work unconnected with the making of cartridges shall be carried on in the said room while such filling is being carried on;

(*c*) there shall not be in the said room while such filling is being carried on any fire or any artificial light, except a light of such construction, position and character as not to cause any danger of fire or explosion;

(*d*) if filling is done on magazine premises, the said room shall be detached from the magazine, but shall be situated in the immediate neighbourhood thereof and at such distance therefrom as may be specified on the license by the authority granting the same; and

(*e*) the licensee shall give notice to the authority which granted his license that he intends to carry on such filling of cartridges as is allowed by this rule.

Conditions to be observed by persons adapting or preparing cartridges.

34. The following conditions shall be observed by every person adapting or preparing explosives under clause (*c*) (*ii*) of the proviso to rule 32:—

(*a*) there shall not be in the workshop in which such adaptation or preparation is carried on more than one hundred pounds of gunpowder, or such quantity of any other explosive as is prescribed by the Local Government in this behalf;

(*b*) no work unconnected with such adaptation or preparation shall be carried on in the said workshop while such adaptation or preparation is being carried on;

(*c*) the said workshop shall be detached from the magazine or licensed premises, but shall be situated in the immediate neighbourhood thereof and at such distance therefrom as may be specified on the license by the authority granting the same;

(*d*) an explosive of one description shall not be converted into an explosive of another description, and an explosive shall not be unmade or resolved into its ingredients; and

(*e*) the licensee shall give notice to the authority which granted his license that he intends to carry on such adaptation or preparation as is allowed by this rule.

Possession.

When license to possess is requisite.

35. An explosive shall not be possessed except under and in accordance with the conditions of a license granted under these rules for possession:

Provided that no license under these rules shall be necessary for the possession—

(*a*) of any explosive by a carrier or other person for the purpose of transport, when the same is being kept or transported in accordance with the provisions of Chapter VIII regulating the transport of such explosive; or

(*b*) of any explosive on board any ship in fulfilment of the requirements of the Merchant Shipping Acts, or of any order or regulation thereunder for the time being in force; or

(*c*) by any person who is lawfully entitled under the Indian Arms Act, 1878, or the rules for the time being in force thereunder, to possess any explosive coming under the head of ammunition as defined in that Act, of such explosives in such quantities as may be prescribed by the said Act or rules, or, when no quantities are so prescribed, in [XI of 1878.]

reasonable quantities for his own private use; or

(*d*) by any person, of explosives under and in accordance with the conditions of a permit granted under rule 68, rule 69, rule 70 or rule 71;

(*e*) (elsewhere than in Burma) by any person, of manufactured fireworks in any quantity—

(*i*) in a municipality, not exceeding fifty pounds,

(*ii*) elsewhere, not exceeding two hundred pounds,

when the same are obtained and intended by such person for immediate use and not for sale and are possessed by him for a period not exceeding fourteen days, and when they are kept in a substantial receptacle which is exclusively appropriated to the keeping of explosives and is closed and secured so as to prevent unauthorised persons from having access to the explosives;

(*f*) by any person for his own private use and not for sale, of—

(*i*) gunpowder in any quantity not exceeding thirty pounds; or

(*ii*) safety cartridges made with gunpowder and containing in all not more than one hundred and fifty pounds of gunpowder; or

(*iii*) cartridges (non-safety) for small-arms, made with gunpowder and containing in all not more than five pounds of gunpowder; or

(*iv*) cartridges for cannon or blasting, made with gunpowder, and not containing their own means of ignition, and containing in all not more than thirty pounds of gunpowder; or

(*v*) cartridges for small-arms, made with small-arm nitro-compound and containing in all not more than ten pounds of small-arm nitro-compound; or

(*vi*) a small-arm nitro-compound in any quantity not exceeding ten pounds; or

(*vii*) percussion-caps or safety fuzes for blasting; or

(*viii*) railway fog-signals and flare-lights when kept by a railway company for use on their railway:

Provided that the quantity of explosive kept by any person under clause (*f*) shall be in substitution of the like quantity by weight of any other explosive which might otherwise be so kept by him and that the quantity of such other explosive shall be reduced accordingly; and, further, that, if the explosive so kept for private use under this clause is in any other form than that of cartridges for small-arms, the explosive of which the quantity is so to be reduced shall be some explosive other than safety cartridges made with gunpowder.

Saving of general prohibition under the Act.

36. Nothing in rule 32 or rule 35 shall be deemed to authorise the manufacture or possession of an explosive in contravention of any prohibition notified under section 6 of the Act and for the time being in force.

Sale.

When license for sale is requisite.

37. An explosive shall not be sold except under and in accordance with the conditions of a license granted under these rules for such sale:

Provided that this rule shall not apply to the sale by any person of an explosive which he is lawfully entitled to possess for his own private use to any person who is lawfully entitled to possess the same.

CHAPTER VI.

MAGAZINES.

Procedure in applying for license in Form J

38. An applicant for a license to possess explosives in and to sell explosives from a magazine (other than a floating magaine) shall submit to the district authority an application in Form G in Schedule III, and shall comply with the conditions embodied therein.

Issue of notices to objectors to the site of the magazine

39. Upon receipt of the said application the district authority shall forthwith cause notice to be published of such application and of the time and place at which he will be prepared to hear it, and calling upon any person objecting to the establishment of the magazine on the proposed site to give notice of such objection to him and to the applicant not less than seven clear days before the day fixed for hearing the application, together with his name, address and calling, and a short statement of the grounds of his objection.

The day of hearing the application shall be a day following soon after the expiration of the period of one month referred to in rule 41.

Notices to local authorities.

40. Where the site of the proposed magazine lies within, or within one mile of the limits of, the jurisdiction of any municipal or port authority, the applicant shall prepare, for service on such authority, a notice of the application and of the said day of hearing.

Publication and service of notices.

41. The notice under rule 39 shall be published, and the notice under rule 40 served, at the expense of the applicant, by the district authority not less than one month before the said day of hearing.

Inquiry into objections.

42. On the day fixed for the hearing, or any day to which such hearing may be adjourned from time to time, the district authority shall hear any objections preferred in accordance with rule 39, and by any authority referred to in rule 40, and shall make such inquiry as he may deem necessary.

Report on completion of inquiry.

43. On completion of the inquiry the district authority shall forward the application (accompanied by a draft license in Form J of Schedule III) to the Chief Inspector of Explosives together with a report stating whether he—

(*a*) disapproves of the proposed site for the magazine, or

(*b*) approves of the proposed site either unconditionally or subject to any such restrictions or precautions as he considers necessary.

Procedure to be observed by the Chief Inspector of Explosives on receipt of report.

44. The Chief Inspector of Explosives shall forward to the applicant a statement in Form H in Schedule III, showing the distances which should, in his opinion, be kept clear round the magazine. Such distances should ordinarily be those specified in the table annexed to these rules.

Submission of application to the licensing authority.

45. The said Form H shall be returned, with the third column duly filled in, by the applicant to the Chief Inspector of Explosives, who shall submit it to the licensing authority with his recommendations and with the draft license and a statement in Form I showing the distances

which, after considering any representation made by the applicant when returning Form H to him, he considers should be kept clear round the magazine.

Grant of license.

46. The licensing authority may thereupon grant the license as applied for with such modifications or restrictions (if any) as may be deemed proper, or may reject the application.

Procedure on grant of license.

47. A copy of every license granted under rule 46 shall be forwarded to the Chief Inspector of Explosives, and the original license shall be forwarded to the district authority if the license has not been granted by him.

Endorsement of license.

48. The district authority when satisfied that all the conditions prescribed in the license in regard to the magazine have been complied with, shall forthwith endorse the license, and unless and until so endorsed the license shall not come into force.

If it is decided not to endorse a license the district authority shall forthwith inform the Chief Inspector of Explosives and the licensing authority (if the license has not been granted by the district authority).

CHAPTER VII.

LICENSES AND PERMITS.

Grant of Licenses.

Forms of licenses, licensing authorities and fees.

49. (*1*) Licenses for the importation, transport, manufacture, possession and sale of an explosive may be granted by the licensing authorities set forth in Schedule II in the forms, for the purposes, subject to the conditions and on payment of the fees, specified therein.

Validity of license.

(*2*) Licenses granted in accordance with the provisions of these rules shall be valid for such period as is specified in column 7 of Schedule II.

Conditions under which licenses are held.

50. (*1*) Every license granted under these rules shall be deemed to be granted subject to the conditions contained therein.

(*2*) Such conditions shall comprise all those specified in the prescribed form and—

(*a*) (in the case of a license in Form J or Form K) such further conditions as the licensing authority may impose, or

(*b*) (in the case of a license in Form I) such further conditions as the licensing authority may think necessary in respect to the time and place of unloading, landing, delivery and conveyance of the explosive, and expedient for the public safety or in the interest of the State.

(*3*) Such conditions shall, in the case of a license granted by the Governor-General in Council to manufacture any explosive in any quantity, include all the conditions prescribed under these rules and in the forms of license for possessing such explosive in such quantity.

Amendment of Licenses.

Amendment of licenses.

51. (*1*) Provided that these rules are otherwise complied with, every license granted under them may be amended by the authority granting such license.

(*2*) A licensee who desires to have his license amended shall submit it to the district authority with an application stating the nature of the amendment and the reasons for it. The district authority, in cases in which the original license was not granted by him, shall forward the license and the application with his recommendation to

the licensing authority direct, or, if the license to be amended is in Form J or Form K, through the Chief Inspector of Explosives:

Provided that the Chief Inspector of Explosives shall be consulted before a license in Form J originally granted by the district authority is amended.

(*3*) No fee shall be charged for the amendment of a license.

Renewal of Licenses.

Renewal of licenses issued by the Governor-General in Council

52. The Local Government may, from time to time, renew, on the same or on altered conditions, any license granted by the Governor-General in Council for the manufacture of explosives:

Provided as follows :—

(*i*) no such renewal shall admit of the manufacture of any explosive other than that specified in the original license;

(*ii*) every such renewal shall first be approved by an Inspector of Explosives, and

(*iii*) every such renewal shall be for a period not exceeding one year.

Renewal of licenses in Form J

53. (*1*) The authority granting a license in Form J may renew such license on the same or altered conditions.

(*2*) A licensee who desires such renewal shall, within the period specified in rule 56, submit the license to the Chief Inspector of Explosives with a written application stating the quantity and description of explosives for the storage of which he desires the license to be renewed.

(*3*) On receipt of such application the Chief Inspector of Explosives shall, if there is any proposed variation in the particulars of the license, and if he considers it necessary to do so, send to the applicant a statement in Form H in Schedule III hereto annexed, showing the distances which should, in his opinion, be kept clear round the magazine.

(*4*) The procedure prescribed in rules 45 to 48 shall then be followed, so far as it is applicable.

Renewal of licenses not provided for in rule 52 or rule 53

54. Every license for the manufacture, possession or sale of explosives not provided for in rule 52 or rule 53 may, unless the circumstances have so changed that the grant of a new license either would not be authorised under the Act and these rules, or is deemed objectionable by the licensing authority, be renewed on application made within the period specified in rule 56.

Renewal of license for general transport for blasting] explosives

55. Every license for the general transport of explosives may be renewed by the authority granting such license.

Time for making application for the renewal of a license

56. Every application for the renewal of a license shall be made at a date not less than thirty days before the date on which the original license expires, and if the application is so made, the magazine or premises shall be held to be duly licensed or the transport license shall be held to be duly granted until such date as the licensing authority issues the renewed license or until an intimation that the renewal of the license is refused has been communicated to the applicant.

Fee chargeable on renewal of] license

57. The fee chargeable for renewing any license shall be the fee originally chargeable under these rules on such license.

Expiration of Licenses.

Procedure on expiration or forfeiture of license

58. A person licensed to manufacture, possess or sell any explosive shall, on the expiration or forfeiture of his license, forthwith give notice to the district authority of

the description and quantity of explosives in his possession, and shall comply with any directions which the said district authority may think fit to give in regard to the possession or transport of the same.

Issue of temporary license when original has expired or been forfeited.

59. (*1*) On receiving a notice under rule 58 the said district authority may grant for a term not exceeding three months from the date of such expiration or forfeiture, as the case may be, a temporary license for the possession or sale of the actual stock of explosives which is held at the time of the issue of such license.

(*2*) The fee chargeable on such license shall bear the same proportion to the fee charged on the expired or forfeited license as the period covered by the temporary license bears to a full year.

Death, etc., of licensee

60. (*1*) When any person holding a license under these rules dies, or is adjudicated an insolvent, or is otherwise disqualified by operation of law from continuing the business in respect of which a license was granted, any person carrying on such business shall forthwith apply to the proper licensing authority for the grant of a new license in his own name for the unexpired portion of the original license.

(*2*) No person applying for a license under clause (1) shall, during such time as is reasonably necessary for making his application, and during the pendency thereof, be liable to any penalty under the Act or these rules for carrying on the business and acting under the license, so that he otherwise conforms with the provisions of the Act and these rules.

(*3*) The fee chargeable on such new license shall be one rupee:

Provided that no fee shall be charged on a new license in Form 2 or Form E of Schedule III.

Forfeiture of Licenses.

Liability of license to forfeiture.

61. Every license granted under these rules shall be liable to be forfeited by the licensing authority on breach of any of the conditions contained therein, and also by the Local Government if at any time the continuance of the license in the hands of the licensee is deemed objectionable.

General Provisions as to Licenses.

Production of licenses or passes on demand.

62. (*1*) Every person holding a license, or acting under a license, granted under these rules shall be bound to produce the same, or an authenticated copy kept at the magazine or place to which the license applies, when called upon to do so by an Inspector of Explosives, or any Magistrate, or any Police-officer not below the rank of a Police-officer in charge of a police-station; and

(*2*) Any person in charge of a consignment of blasting materials under cover of a pass, issued by a holder of a license in Form 2 of Schedule III, shall be bound to produce such pass when called upon to do so by any of the officers aforesaid.

(*3*) Copies of any license may, for the purposes of this rule, be authenticated free of charge by any of the officers aforesaid or by the authority which granted the license.

Validity of license under the Arms Act.

63. Any authority granting a license under these rules may, if such authority thinks fit, direct by an order written on the license that it shall have the effect of a like license granted by the like authority under the Indian [XI of 1878.] Arms Act, 1878.

Duplicate license in case of loss of license.

64. When a license granted under these rules is lost or destroyed through no fault of the licensee, a duplicate may be granted to the licensee on payment of a fee of eight annas.

Mode of payment of fees.

65. All fees chargeable under these rules shall be collected by impressed stamps:

Provided that, when such fees have been made over to any local authority, they shall be collected in such manner as the local authority may from time to time direct.

Discretion of authority empowered to grant, amend or renew licenses.

66. Every authority empowered to grant, amend or renew a license may, in its discretion,

(*a*) refuse to grant, amend or renew such license, or

(*b*) refer the application for orders to the Government (if any) to which it is subordinate.

Executive control over licensing authorities.

67. All subordinate authorities acting under this chapter shall perform their duties subject to the control of their executive superiors and of the Local Government.

Permits for temporary possession of explosives.

Permit for temporary storage of explosives in a magazine in excess of licensed quantities.

68. (*1*) A permit may be granted to the holder of a license in Form J or Form K to store in his magazine subject to the conditions of his license (except in this respect) and for a period not exceeding one month any quantity of explosives in excess of that entered in his license.

(*2*) Such permit shall be granted by the authority who issued the license and only when it is proved to his satisfaction that the excess storage is due to unforeseen circumstances.

(*3*) An application for such a permit shall state clearly the necessity for the excess storage and shall be submitted to the district authority who shall forward it to the licensing authority through the Chief Inspector of Explosives, or, if he is himself the licensing authority, shall obtain the opinion of the Chief Inspector of Explosives before granting the permit.

Permit for temporary possession of fireworks by non-licensees elsewhere than in Burma.

69. Elsewhere than in Burma a permit may be granted to any person to possess, in a municipality, manufactured fireworks in any quantity exceeding fifty pounds, but not exceeding two hundred pounds and for any period not exceeding fourteen days, provided that such fireworks are obtained and intended by such person for immediate use and not for sale and are kept in a substantial receptacle which is exclusively appropriated to the keeping of explosives and is closed and secured so as to prevent unauthorised persons from having access to them.

Such permit shall be granted by a Magistrate of the first class or a Police-officer not below the rank of Assistant or Deputy Superintendent of Police.

Permit for temporary possession of fireworks by non-licensees in Burma.

70. In Burma a permit may be granted to any person to possess manufactured fireworks in any quantity not exceeding two hundred pounds and for any period not exceeding fourteen days, provided such fireworks are obtained and intended by such person for immediate use and not for sale and are kept in a substantial receptacle which is exclusively appropriated to the keeping of explosives and is closed and secured so as to prevent unauthorised persons from having access to them.

Such permit shall be granted by a Magistrate of the first class or a Police-officer not below the rank of a District Superintendent of Police.

Permit to possess fireworks in excess of licensed quantities.

71. A permit may be granted to a holder of a license in Form A, Form B, Form C or Form D to possess, subject to the conditions in his license (except in this respect), any quantity of manufactured fireworks not exceeding one thousand pounds—

(*a*) in the Presidency of Madras—

for a period of two days at the time of the Dipavali festival—

by any Magistrate of the first class or any Police-officer not below the rank of an

Assistant or Deputy Superintendent of Police;

(*b*) in the Presidency of Bombay—

for a period of seven days—

by a Magistaate of the first class or (in the city of Bombay), by the Commissioner of Police;

(*c*) in the United Provinces of Agra and Oudh—

for a period of seven days—

by the District Magistrate.

CHAPTER VIII.

PRECAUTIONS TO BE OBSERVED IN TRANSPORTING EXPLOSIVES.

Part I.—General.

Packing and Marking.

Prohibition of consignment or conveyance of improperly packed explosives.

72. No explosive shall be tendered for conveyance or conveyed unless packed and marked in accordance with the provisions of rules 73 to 77, or (in the case of explosives conveyed under rule 24) in accordance with the rules in force in the United Kingdom at the time of embarkation.

Packing of explosives.

73. Whatever be the nature of the explosive and to whatever class it belongs, the following general rules shall be observed:—

(1) The interior of every package shall be free from grit and otherwise clean.

(2) Save as is provided in Schedule IV, there shall not be any iron or steel in the construction of any package unless the same is covered with suitable material so as effectually to prevent the exposure of such iron or steel.

(3) Every package, when actually used for the packing of one explosive, shall not be used for the packing of any other explosive or any other article or substance:

Provided that this rule shall not prevent the packing of inner packages containing a propellant in an outer package with inner packages containing gunpowder or other propellant:

Provided also that with ammunition (Division I) there may be packed in the same package any article which is not of an inflammable or explosive nature, or liable to cause fire or explosion.

(4) Nothing in this rule shall be deemed to prohibit the use of an additional package, whether inner or outer: provided that such additional package shall not be of such character as shall have been prohibited in writing by the Chief Inspector of Explosives.

Explanation.—Unless the context otherwise requires,—

the expression "outer package" means a box, barrel, case or cylinder of wood, metal or other solid material, of such strength, construction and character that it will not be broken or accidentally opened, nor become defective or insecure whilst being conveyed, and will not allow any explosive to escape;

the expression "inner package" means a substantial case, bag, canister or other receptacle, made and closed so as to prevent any explosive from escaping;

the expression "propellant" means an authorised explosive of the nitro-compound class adapted and intended exclusively for use as a propelling charge in cannon or small-arms.

Packing of authorised explosives.

74. The method of packing authorised explosives of various classes, respectively, and the maximum amounts which may be packed in any one package shall be those indicated in Schedule IV.

Packing of explosives which are not authorised.

75. Explosives which are not authorised explosives shall be packed subject to such special precautions as may be prescribed by the Chief Inspector of Explosives.

Labelling and marking of packages.

76. (1) On the outermost package there shall be affixed in conspicuous characters by means of a brand or securely attached label or other mark the word "Explosive," the name of the explosive, the number of the class and of the division to which it belongs, and the name of the manufacturer or sender.

(2) In the case of a nitro-compound or of a chlorate-mixture there shall be added the date of manufacture or issue from the factory, or such sign indicating such date as may be approved by the Chief Inspector of Explosives.

Provided that—

(*a*) in the case of cartridges or charges for cannon, shells, mines blasting or other like purpose, which do not contain their own means of ignition, the marking shall be as for the explosive when not so made up;

(*b*) in the case of ammunition (Division 1) (safety fuzes excepted), there shall be added the words "Not liable to explode in bulk";

(*c*) in the case of pin-fire cartridges for pistols, there shall be added the words "Pin-fire cartridges"; and

(*d*) in the case of safety fuzes or gunpowder, the word "Explosive" and the number of the class and division may be omitted.

(3) Where an outer package contains more than one explosive, the marking above required shall be affixed separately in respect of each explosive so contained.

Relaxation of packing rules.

77. To meet special cases the Chief Inspector of Explosives may, by order in writing, subject to such conditions (if any) as he may think fit to impose, relax any of the conditions imposed by rules 73 to 76.

Consignment.

Despatch of explosives to carrier.

78. (1) No person shall forward to any warehouseman or carrier any explosive unless he has given notice to such warehouseman or carrier of his intention to forward such explosive and has received an intimation from such warehouseman or carrier that he is prepared to receive such consignment.

(2) Such notice shall state—

(*a*) the name and quantity of the explosive to be conveyed; and

(*b*) the name and address of the consignee.

Receipt of explosives by carrier.

79. No warehouseman or carrier shall send such an intimation as is specified in rule 78 unless he is prepared to receive it, and

(*a*) forthwith to despatch such explosive, or

(*b*) to deposit it in an authorised magazine or at a place at which some person is licensed to possess such explosive in such quantity.

Precautions to be observed in loading and unloading explosives.

Loading and unloading to be by daylight.

80. No explosive shall be loaded on, or unloaded from, any carriage or vessel between sunset and sunrise.

Prohibition of naked lights, etc.

81. During the loading or unloading of an explosive no person shall, nor shall any person be allowed to, bring

into, have or use in, dangerous proximity to such explosive any fire or any article or liquid or substance which is liable to cause or communicate fire or explosion (such as charcoal, matches or petroleum) or (unless the use of a light is unavoidable) any light:

Provided that when the use of a light for the purposes of loading or unloading is unavoidable, a light may be used if it be of such construction and character and in such position as not to cause any danger from fire or explosion.

Prohibition of smoking.

82. During the loading or unloading of an explosive no person shall smoke, nor shall be allowed to smoke, on, in or dangerously near to the carriage or vessel containing such explosive.

Prohibition of nailed boots, etc.

83. During the loading or unloading of an explosive no person wearing boots or shoes with iron or steel nails, heels or tips, shall handle, nor shall be allowed to handle, such explosive.

Method of handling explosives.

84. In the loading or unloading of an explosive the casks or packages containing the explosive shall be passed from hand to hand and shall not be rolled along, and they shall not be thrown down or dropped but shall be carefully deposited and stowed.

Loading.

Protection of explosives in transit.

85. (*1*) Explosives shall be conveyed whenever possible in the interior of a carriage so enclosed on all sides with wood or metal, or in the hold of a vessel having a close deck so closed, as effectually to protect the explosives from communication of fire; and

(*2*) When they cannot be so conveyed, they shall be completely covered with a painted cloth, tarpaulin or other suitable material so as effectually to protect the explosives from communication of fire.

Maximum consignments allowed.

86. The quantity of explosives conveyed in any one carriage or vessel shall not exceed two thousand pounds:

Provided that where the explosives are conveyed under the conditions set forth in clause (1) of rule 85, the quantity of explosives may exceed two thousand pounds, but shall not exceed ten tons in any one carriage on a railway or two tons in any one other carriage or twenty tons in any one vessel.

Explosives of different kinds to be kept apart.

87. No explosive, which contains its own means of ignition, shall be conveyed in any carriage or vessel which is being used for the conveyance of an explosive not of the same class and division, unless it is sufficiently separated therefrom to prevent any fire or explosion which may take place in one such explosive being communicated to another.

Dangers from fire and water to be guarded against.

88. Due precautions shall be taken by means of a partition or otherwise, and by careful stowing, to secure any explosive from being brought into contact with, or endangered by, any other article or substance conveyed in the carriage or vessel which is liable to cause fire or explosion; and if the explosive is dangerously affected by water, due precautions shall be taken to exclude water from coming into contact with such explosive.

Protection from naked iron or steel.

89. All iron or steel in the interior of the portion of the carriage or vessel with which the package containing any explosive is or may come in contact shall be effectually covered with leather, wood, cloth or other suitable material.

Conveyance.

Explosives not to be sent by public carriage or vessel

90. No explosive shall be conveyed in any carriage or vessel plying for or carrying public passengers.

Carriage or vessel to be in charge of competent person or persons.

91. The carriage or vessel conveying an explosive shall be in charge of, and constantly attended by, some competent person, or by a sufficient number of competent persons.

Intoxicated person not to have charge of carriage or vessel.

92. No person who is intoxicated shall, nor shall he be permitted to, have charge of, or be in, on or attending to, any carriage or vessel conveying explosives.

Driving or navigation to be careful.

93. The person in charge of a carriage or vessel conveying an explosive shall not drive, conduct or manœuvre such carriage or vessel in a dangerous or negligent manner.

Prohibition of delay in transit.

94. If the quantity of explosive conveyed in the carriage or vessel exceeds 100 pounds the person or persons in charge of such carriage or vessel shall not stop or delay at any place for a longer time than may be reasonably necessary, nor stop unnecessarily at any place where such stopping would be attended by public danger.

Avoidance of danger by fire, etc.

95. No person shall, during the conveyance of an explosive, do any act or thing in relation to the explosive which is liable to cause fire or explosion and is not reasonably necessary for the conveyance of the explosive or for work immediately connected with such conveyance.

Explosives not to be carried across railway bridges.

96. No explosive shall be carried otherwise than by rail across any railway bridge across which reasonable facilities for the conveyance thereof by rail are afforded by the Railway Administration:

Provided that nothing in this rule shall apply to—

(*a*) ammunition Class 6, Division 1, in any quantity; or

(*b*) any quantity of gunpowder, or of a nitro-compound or of ammunition, Class 6, Divisions 2 and 3, or of fireworks, not exceeding five pounds.

Exemptions and Savings.

Saving as to the conveyance of ammunition.

97. Nothing in rules 80 to 89 shall apply to ammunition (Division 1): provided that all due precautions shall be taken to prevent explosion.

Saving as to the conveyance of small consignments.

98. Nothing in rules 78, 79 and 90 shall apply to the conveyance of—

(*a*) any quantity not exceeding five pounds of any explosive other than a fulminate or ammunition (Division 3) or fireworks (Division 1);

(*b*) detonators not exceeding 200 in number and not containing in the aggregate more than 3 ounces of fulminate:

Provided that—

(*i*) previous notice shall be given to the person in charge of the carriage or vessel in which the explosive is intended to be conveyed;

(*ii*) all due precautions shall be taken to prevent accidents by fire or explosion;

(*iii*) no other explosive shall be carried in the same compartment; and also

(*iv*) (in the case of detonators) the consignment shall be covered by a certificate, signed by the consignor, that the quantity of fulminate in the consignment does not exceed the amount specified in sub-clause (*b*).

Saving as to conveyance by railway.

99. Nothing in rules 78, 79, 90, 91 and 94 shall apply to the conveyance of any explosive by railway.

Saving of liability of carrier and owner and master of a ship for breach of these rules when consignee, etc., is in fault.

100. Where a carrier, or the owner or the master of a vessel, is prevented from complying with these rules by the wilful act, neglect or default of the consignor or consignee of the explosive, or other person, or by the improper refusal of the consignee or other person to accept delivery of the explosive, such consignor, consignee, or other person who is guilty of such wilful act, neglect, default or refusal

shall be liable to the same penalty to which the carrier, owner, or master is liable for a breach of these rules, and his conviction shall exempt the carrier, owner, or master from any penalty under these rules.

PART II.—Railways.

Consignment.

Conveyance by railway.

101. Rules 102 to 136 shall apply to the transport of explosives by railway.

Certain explosives not to be consigned.

102. No explosive which a Railway Administration shall, by any notice or regulation for the time being in force, notify that they will not receive, shall be brought, sent or forwarded to or upon any railway of the said Railway Administration.

Certificate of packing

103. The consignor shall certify that the explosive has been packed in accordance with the rules in force in the United Kingdom or in British India.

Notice of the consignment.

104. No person shall send for carriage upon any railway any consignment of an explosive unless—

(1) he has given to the officer in charge of the railway station previous notice in writing (which, at the option of the Railway Administration, may extend to 48 hours) of his intention to send such consignment, and stating—

(*a*) the true name, description, quantity and mode of packing of the explosive proposed to be conveyed; and

(*b*) his own name and address, and also the name and address of the proposed consignee, and

(2) he has had an intimation in writing from an authorised officer of the railway that such consignment will be received.

Receipt of consignment.

105. Consignments of explosives shall be sent to the forwarding station and shall be received by the railway servants only at such times, between sunrise and sunset, as the Railway Administration may appoint.

Certificate in case of nitro-compounds and chlorates

106. The consignor shall (in the case of nitro-compounds and chlorate mixtures)—

(1) cause the outer packages to be marked with the date of manufacture, and

(2) attach to the consignment note a certificate, or (provided the original is produced for verification) copy of a certificate (so describing the packages as to render their identification certain) signed by the Chief Inspector of Explosives or an Inspector of Explosives, or, if the certificate is granted at the time when the explosive is imported, by the Chemical Examiner or Analyser—

(*a*) that the explosive is of standard purity, and

(*b*) that (if the explosive be dynamite or any nitro-glycerine compound) there are no signs of exuded nitro-glycerine or of liquefaction.

(3) the aforesaid certificate shall ordinarily be valid for six months after date: provided that, in the case of dynamite and other nitro-glycerine compounds which are not used as propellants as defined in rule 73—

(*a*) such certificate shall lapse on the 31st July, and

(*b*) a fresh certificate for each conveyance may, at the discretion of the Railway Administration concerned, be demanded during the period from the 1st April to the 31st July (both inclusive) if the original certificate has not been granted later than the 31st March.

Discretion of Railway to refuse improperly-packed explosives.

107. The Railway Administration may refuse to receive any packages which they suspect to contain any explosive packed or sent in contravention of these regulations.

Disposal of consignment on arrival at station of departure.

108. Every package containing any explosive proposed to be conveyed on any railway shall immediately on arrival at the station be unloaded and placed in a safe place under the special direction of the officer in charge of the station. These packages should not be allowed to stand in the sun.

Loading.

Maximum quantities to be conveyed in one vehicle.

109. The quantity of explosives conveyed in any one vehicle shall not in any case exceed that specified in rule 86 and shall not (unless the vehicle is specially constructed and approved by the Railway Board for the carriage of explosives) exceed two-thirds of the normal load of such vehicle:

Provided that (in the case of explosives of the kinds specified in rule 114) the quantity of explosives shall not—

(*a*) where such explosives are stowed in the manner described in clause (1) of that rule, exceed three tons, and

(*b*) where such explosives are stowed in the manner described in clause (2) of that rule, exceed five tons.

Prohibition of conveyance with inflammable substances.

110. There shall not be conveyed in the same vehicle with any explosive any lucifer or other matches, fuzees, pipelights, acids, naphtha, paraffine, petroleum or any other volatile spirit substance liable to give off an inflammable vapour or liable to spontaneous ignition, or to cause or communicate fire or explosion.

Condition of vehicle

111. Vehicles used for the carriage of explosives shall be examined to see that they are spark-proof and have been cleaned out before they are loaded. Hair-cloth, hides or other suitable materials shall be spread on the floor of the wagon and between each layer of packages, except when the packages are covered with gunny or felt, or contain safety cartridges for small-arms packed in tin-lined service pattern boxes.

Stowing of explosives

112. All packages containing explosives shall be secured in such a way as to prevent concussion when the train is in motion.

Method of stowing of explosives.

113. Packages containing explosives other than those referred to in rule 114 shall not be stowed in more than three layers one above the other. But if the packages are in rectangular form and of uniform size (provided they are double packages, and are so secured as to prevent movement during transit) they may be stowed in any number of layers not exceeding five:

Provided that this rule shall not apply to safety cartridges for small-arms packed in tin-lined service pattern boxes.

Method of stowing of high explosives.

114. (1) Packages containing dynamite and other blasting explosives of the 3rd (nitro-compound) Class, or explosives of the 4th (chlorate-mixture), 5th (fulminate) Classes or of the 1st Division of the 7th (firework) Class shall be stowed in one layer only and secured so as to prevent movement during transit:

(2) Provided that, if the packages of explosives are in rectangular form and are properly secured so as to prevent movement during transit, they may be stowed in any number of layers not exceeding five.

115. Vehicles shall in every case be locked when loaded with explosives. Locking of vehicles.

Delivery.

116. The consignee shall remove the explosives from the receiving station during the twelve hours of daylight following its arrival. Delivery to consignee

117. If the consignee does not remove the explosive within the time allowed by rule 116, the Railway Administration may return the explosive to the consignor at his risk and expense. Disposal when consignee fails to take delivery

118. Pending removal by the consignee, or return to the consignor, the explosives shall be kept at a safe distance from the station buildings, and (if unloaded) shall be completely covered with tarpaulins or other suitable material and, if necessary, shall be protected by a police guard. Protection of explosives pending removal

Power to open packages.

119. The Railway Administration may at any time open or require to be opened at the risk and expense of the consignor any package which is upon any railway and which is suspected to contain explosives packed or consigned in contravention of any of these rules. Opening of suspected packages

120. The Railway Administration may return to the consignor at his risk and expense the contents of any package which is found during transit to have been packed or consigned in contravention of any of these rules. Disposal of opened packages

Precautions to be observed during loading and unloading.

121. Notwithstanding anything in rule 80, a small consignment of explosives may be unloaded between sunset and sunrise. Time of loading and unloading.

For the purposes of this rule no consignment of more than half a wagon load booked to one station shall be deemed to be a small consignment.

122. Subject to the provisions of rules 80 and 121, the loading and unloading of explosives when once begun shall be diligently proceeded with until the same is completed. Loading and unloading to be continuous

123. Vehicles containing explosives shall be loaded and unloaded on sidings at a safe distance from the station buildings. Place of loading and unloading

124. All explosives under despatch or receipt by a Government arsenal, depôt or factory shall be loaded or unloaded by Government servants employed in such arsenal, depôt or factory. Loading and unloading of Government explosives

125. Not more than five vehicles containing explosives shall be loaded or unloaded at any railway station at any one time. Maximum number of vehicles to be dealt with at a time

126. All operations connected with the transhipment of explosives at junction stations shall take place during daylight. Time of transhipment

Marshalling and Shunting.

127. Not more than five vehicles containing explosives shall at any one time be hauled in the same train. Maximum number of vehicles to be hauled in one train

128. No explosive of the 5th (fulminate) Class or of the 3rd Division of the 6th (ammunition) Class, or of the 7th (firework) Class shall be carried in the same train with any explosive not of the class and division to which it belongs, unless it be sufficiently separated therefrom to Precaution in case of high explosives

prevent any fire or explosion which may take place in one such explosive being communicated to another.

Position of vehicle in the train.

129. Vehicles containing explosives shall be placed at the end of the train away from the locomotive, and shall be close-coupled to one another as well as to the adjoining vehicles, and shall be preceded and followed by three vehicles not loaded with explosives or other article or substance of an inflammable nature:

Provided as follows:—

(*a*) on the Darjeeling-Himalayan Railway, vehicles containing explosives and adjoining vehicles need not be close-coupled to one another; and

(*b*) on the Nilgiri and Karaikkal-Peralam Railways, only one vehicle need intervene between the locomotive and vehicles containing explosives.

Shunting.

130. When the train is being marshalled, vehicles loaded with explosives shall not be shunted by a locomotive, unless they are separated from the engine by not less than three vehicles containing no explosive nor easily inflammable substance:

Provided that nothing in this rule shall apply to the shunting of vehicles specially constructed for the carriage of explosives.

Limit of speed in shunting.

131. During the shunting of vehicles containing explosives the speed of all movements shall not exceed five miles an hour; and loose shunts are prohibited.

Superintendence in shunting.

132. No shunting shall be carried on save under the superintendence of a duly authorised officer, who shall see to the observance of rules 130 and 131.

Brakes.

Brakes.

133. If the vehicles employed in the transport of explosives are provided with brakes other than iron brakes, the brakes thereon shall on no account be worked while the vehicles are running with a train, nor shall brakes, other than iron brakes, on vehicles immediately adjoining such vehicles, be worked while such vehicles are so running.

Conveyance by Passenger train.

Conveyance of explosives by passenger train.

134. Save as provided in rule 135, no explosives shall be conveyed by passenger train except—

(*a*) safety-cartridges and percussion-caps and safety-fuzes (for blasting), and fog-signals for railway use;

(*b*) explosives of the 3rd (nitro-compound) Class other than propellants in the form of cartridges up to the limit of 5 lbs.:

Provided that no detonators are carried in the same compartment;

(*c*) detonators to the number of 200 if the amount of fulminate of mercury in the package or packages containing the detonators does not exceed in the aggregate 3 oz. (and a certificate to this effect is tendered by the consignor,:

Provided that no other explosive is carried in the same compartment;

(*d*) sporting gunpowder or non-safety cartridges packed in double cases as provided in Schedule IV, so long as the gunpowder is contained in one-pound tin canisters packed in a stout wooden case with an outer covering of tin or zinc completely spark-proof, or in metal-lined cases of a pattern approved by the Chief Inspector of Explosives. But no outer case shall contain more than 25 lbs. of gunpowder,

and the total consignment of gunpowder or non-safety cartridges by one train shall not exceed 80 lbs.

Conveyance of explosives by mixed train.

135. Any explosive may be conveyed by mixed train on any line or section on which goods trains are not running subject to the following conditions:—

(1) that not more than one vehicle containing explosives shall be hauled at any one time;

(2) that such vehicle shall be specially constructed and approved by the Railway Board for the carriage of explosives;

(3) that there are not less than three vehicles between such vehicle and the engine and between such vehicle and the passenger coaches;

(4) that such vehicle is close-coupled to the adjoining vehicles; and

(5) that, immediately on entering a section upon which goods trains are running, such vehicle is detached from the train.

Exemptions.

Saving as to cartridges for small-arms.

136. Nothing in rules 109, 125 and 127 shall apply to separate consignments of safety-cartridges for small-arms.

CHAPTER IX.

SUPPLEMENTARY.

Powers of Search and Destruction.

Powers of search and destruction.

137. (1) Any of the officers mentioned in clause (2) may, within the areas specified in that clause, but subject [XI of 1878.] to the provisions of the Indian Arms Act, 1878, and of any rules for the time being in force thereunder, in cases to which that Act applies—

(*a*) enter, inspect and examine any place, carriage or vessel in which an explosive is being manufactured, possessed, sold, transported or imported under a license granted under these rules, or in which he has reason to believe that an explosive has been or is being manufactured, possessed, sold, transported or imported in contravention of the Indian Explosives Act, 1884 (IV of 1884) or of these rules, and may enter, inspect and examine any magazine or place in which explosives are stored under the provisions of rule 24;

(*b*) search for explosives therein;

(*c*) take samples of any explosives found therein, on payment of the value thereof if payment can be made at the time the samples are taken; and

(*d*) seize, detain, remove and, if necessary, destroy or otherwise render harmless any explosive found therein in respect of which he has reason to believe that any of the provisions of the said rules or Act have been contravened.

(2) The officers and areas referred to in clause (1) are :—

Officers.	Areas.
The Chief Inspector and Inspectors of Explosives.	In all parts of British India.
All District Magistrates	Within their respective districts.
All Magistrates subordinate to the District Magistrate.	Within their respective jurisdictions.
The Commissioner of Police and all Police-officers of rank not below that of Inspector, or, if the Local Government so directs, of Sub-Inspector, if specially deputed in this behalf by the Commissioner of Police.	In Presidency towns or their suburbs and in Rangoon.
All Police-officers of rank not below that of Inspector or, if the Local Government so directs, of Sub-Inspector.	Within the respective areas over which their authority extends.

(3) Whenever the Chief Inspector or any Inspector of Explosives, or any Magistrate subordinate to the District Magistrate, or any Police-officer seizes, detains or removes any explosive under this rule, he shall report the fact to the district authority.

(4) Neither the Chief Inspector nor an Inspector of Explosives, nor any Magistrate subordinate to the District Magistrate nor any Police-officer shall under these rules destroy or otherwise render harmless any explosive without the previous sanction of the district authority unless the matter appears urgent and fraught with serious public danger.

(5) Whenever any officer destroys any explosive or otherwise renders it harmless, he shall take and keep a sample thereof, and shall, if required, give a portion of the sample to the person owning the explosive or having the same under his control at the time of seizure; and whenever any officer other than the district authority so deals with any explosive, he shall report the circumstance to the district authority.

Penalties.

Penalties.

138. Whoever commits any offence mentioned in the first column of the following table shall be punishable with fine which may extend to the amount indicated in that behalf in the second column of that table :—

1	2
(1) Importing an explosive in contravention of rules 11, 13, 21, 22, 23 and 24.	Three thousand rupees.
(2) Contravening any of the provisions of rule 18, rule 25, or rule 26 relating to importation of explosives.	One thousand rupees.
(3) Transporting blasting material in contravention of rule 27.	One thousand rupees.
(4) Manufacturing an explosive in contravention of rule 32.	Three thousand rupees.
(5) Contravening any of the provisions of rules 33 and 34 relating to the manufacture of explosives.	One thousand rupees.
(6) Possessing an explosive in contravention of rule 35.	One thousand rupees.
(7) Selling an explosive in contravention of rule 37.	Five hundred rupees.
(8) Contravening a condition of a license granted under article 1, article 2 or article 10 of Schedule II.	Three thousand rupees.
(9) Contravening a condition of a license granted under article 4, article 5, article 6, article 7, article 8, article 9, article 16 or article 17 of Schedule II.	Five hundred rupees.

1	2
(10) Contravening a condition of a license granted under article 3, article 11, article 12, article 13, article 14 or article 15 of Schedule II.	One thousand rupees
(11) Contravening any direction given under rule 58 for the disposal of an explosive.	One thousand rupees
(12) Failing to produce a license (or authenticated copy thereof) or pass when called upon to do so under rule 62	Two hundred rupees
(13) Contravening any of the provisions of Chapter VIII relating to the transporting of explosives.	One thousand rupees
(14) Furnishing a false certificate under rules 17, 21, 22, 98, 103, 106 and 134	Two hundred rupees

Exemptions.

Saving as to acts done in emergency, etc

139. Nothing in these rules shall render liable to any penalty the owner or master of any vessel, or any carrier, or warehouseman or the person having charge of any carriage for any act done in breach of these rules, if he proves that by reason of stress of weather, inevitable accident, or other emergency, the doing of such act was, under the circumstances, necessary and proper.

SCHEDULE I.

PRESCRIBED TESTS.

[*Vide Rule 16.*]

I.—Heat Test as applied to Explosives of the Nitro-compound Class.

GENERAL INSTRUCTIONS.

Apparatus required.

1. A water-bath, consisting of a spherical glass or copper vessel [(A) Fig. 1] of about 8 inches diameter, and with an aperture of about 5 inches; the bath is filled with water to within a quarter of an inch of the edge. It has a loose cover of sheet copper about 6 inches in diameter (B), and rests on a tripod stand about 14 inches high (C), which is covered with coarse iron wire gauze (*e*), and is surrounded with a screen of thin sheet tin or copper (D). Within the latter is placed an Argand burner (F), with a glass chimney. The cover (B) has four holes arranged as seen in Fig. II, No. 4, to receive the regulator, No. 3 the thermometer, Nos. 1 and 2 the test-tubes containing the gun-cotton or other materials to be tested. Around holes 1 and 2 on the under side of the cover are soldered three pieces of brass wire with points slightly converging (Fig. III); these act as springs and allow the test-tubes to be easily placed in position and removed.

FIG. I.

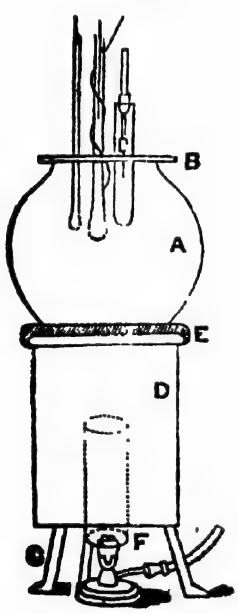

FIG. II.

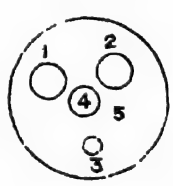

FIG. III.

FIG. IV.

* 2. Scheibler's or Page's temperature regulator.
* 3. Two cells of Le Clanché's battery No. 1 } if Scheibler's regulator
* 4. A few yards of insulated copper wire } is used.

5. Test-tubes from 5¼ to 5½ inches long, and of such diameter that they will hold from 20 to 22 cubic centimetres of water when filled to a height of 5 inches.

6. India-rubber stoppers, fitting the test-tubes and carrying an arrangement for holding the test-paper, *viz.*, a narrow glass tube passing through the centre of the stopper, drawn out so as to form a hook, or terminating in a platinum wire hook (Fig. IV).

7. A thermometer, with range not less than from 30° to 212° Fahrenheit.

8. A minute clock.

Materials required.

(*a*) *Test-paper.*—The test-paper is prepared as follows:—45 grains of white maize starch (cornflour), previously washed with cold water, are added to 8½ ounces of distilled water, the mixture is stirred, heated to boiling, and kept gently boiling for 10 minutes; 15 grains of pure potassium iodide (*i.e.*, which has been recrystallized from alcohol) are dissolved in 8½ ounces of distilled water. The two solutions are thoroughly mixed and allow to get

* This is not absolutely required, as the temperature of the bath can be kept constant by proper attention to the heating flame.

cold. Strips, or sheets, of best white English filter paper, weighing air dry, from 4·1 to 4·6 grammes per 100 square inches, previously washed with water and re-dried, are dipped into the solution thus prepared, and allow to remain in it for not less than 10 seconds ; they are then allowed to drain and dry in a place free from laboratory fumes and dust The upper and lower margins of the strips, or sheets, are cut off, and the paper is preserved in well-stoppered or corked bottles *and in the dark.** The dimensions of the pieces of test-paper used are about $\frac{4}{10}$ inch by $\frac{8}{10}$ inch (10 mm. by 20 mm.).

(*b*) *Standard tint-paper.*—A solution of caramel in water is made of such concentration that when diluted one hundred times (10 cc. made up to 1 litre) the tint of this diluted solution equals the tint produced by the Nessler test in 100 cc. water containing 0·00075 grm. of ammonia or 0·00023505 grm. of chloride of ammonium. With this caramel solution lines are drawn on strips of white filter paper† by means of a clean quill pen. When the marks thus produced are dry the paper is cut into pieces of the same size as the test-paper previously described, in such a way that each piece has a brown line across it near the middle of its length, and only such strips are preserved in which the brown line has a breadth varying from $\frac{1}{2}$ mm. to 1 mm. ($\frac{1}{50}$ of an inch to $\frac{1}{25}$ of an inch).

II.—Testing Dynamite, Blasting Gelatine, and other Explosives of the First Division of the Nitro-compound Class.

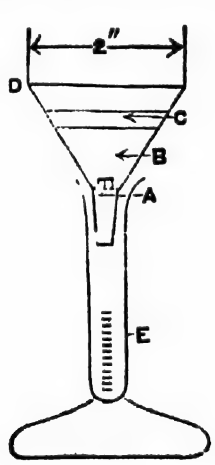
A.—DYNAMITE, ETC., ETC.

Nitro-glycerine preparations, from which the nitro-glycerine can be extracted in the manner described below, *must* satisfy the following test :—

This test, however, though at present looked upon as the most important, as far as testing the purity of the nitro-glycerine is concerned, is in England only one of several which any given sample of nitro-glycerine preparation has to satisfy in order to establish its compliance with the definition in the authorised list.

Apparatus required.

A funnel 2 inches across (D), a cylindrical measure divided into grains (E) (*see* sketch).



Mode of operation.

About 300 to 400 grains of dynamite (B) finely divided are placed into the funnel which has previously been loosely plugged by some freshly-ignited asbestos (A).

The surface is smoothed by means of a flat-headed glass rod or stopper, and some clean washed and dried Kieselguhr (C) is spread over it to the depth of about $\frac{1}{8}$ inch.

Water is next carefully dropped from a wash bottle upon this Kieselguhr, and when the first portion has been soaked up more is added ; this is repeated until sufficient nitroglycerine has been collected in the graduated measure (E) below.

* When a paper is freshly prepared, and as long as it remains in good condition, a drop of dilute acetic acid, put on the paper with a glass rod, produces no coloration. In process of time, however, the stronger the light to which the paper is exposed, the sooner a drop of acid produces a brown or bluish coloration (a single hour of direct sunlight produces a marked effect), and whenever this is the case the paper should be rejected. After preparation the paper should be kept in the dark for a month before being taken into use. After that, if carefully kept in the dark, it will remain good for six months or more, but should be tested from time to time as above.

† This paper must be carefully washed with distilled water in the first instance, to remove any traces of bleaching matter, and dried.

If any water should have passed through with the nitro-glycerine, it should be removed with a piece of blotting paper and the nitro-glycerine, if necessary, filtered through a dry paper filter.

Application of the Test.

The thermometer is fixed so as to be inserted through the lid of the water-bath described under I into the water (which is to be steadily maintained at a temperature of 160° Fahr.*) to a depth of 2¼ inches. Fifty grains of nitro-glycerine to be tested are weighed into a test-tube in such a way as not to soil the sides of the tube. A test-paper is fixed on the hook of the glass rod so that when inserted into the tube it will be in a vertical position. A sufficient amount of a mixture of half distilled water and half glycerine to moisten the upper half of the paper is now applied to the upper edge of the test-paper by means of a camel's-hair pencil, the cork carrying the rod and paper is fixed into the test-tube and the position of the paper adjusted, so that its lower edge is about half-way down the tube; the latter is then inserted through one of the perforations of the cover to such a depth that the lower margin of the moistened part of the paper is about five-eighths of an inch above the surface of the cover. The test is complete when the faint brown line, which after a time makes its appearance at the line of boundary between the dry and moist part of the paper, equals in tint the brown line of the standard tint paper.

The nitro-glycerine under examination will not be considered to have satisfied the test unless the time necessary to produce the standard tint as above described is at *least* 15 minutes.

B.—BLASTING GELATINE, GELATINE DYNAMITE, AND ANALOGOUS PREPARATIONS.

Fifty grains of blasting gelatine are to be intimately incorporated with 100 grains of French chalk.† The mixture is to be gradually introduced into a test-tube of the dimensions prescribed above for the dynamite heat test, with the aid of gentle tapping upon the table, between the introduction of successive portions of the mixture into the tube, so that when the tube contains all the mixture it shall be filled to the extent of 1¾ inches of its height. The test-paper is then to be inserted and the heat is to be applied in the manner prescribed above for the dynamite heat test, and the sample tested is to withstand exposure to 160° Fahr. for a period of 10 minutes, before producing a discoloration of the test-papers corresponding in tint to the standard colour test which is employed for governing the results of the dynamite heat tests.

(For Exudation and Liquefaction tests for Blasting Gelatine, etc., etc., *see* Appendix).

N.B.—Non-gelatinized nitro-glycerine preparations from which the nitro-glycerine cannot be expelled by water are tested without any previous separation of the ingredients, the temperature being as above (160° Fahr.) and the time being 7 minutes.

C.—CORDITE AND BALLISTITE.

1. Apparatus required.

The apparatus necessary for the application of the heat test to cordite is identical with that described above for explosives of the nitro-compound class generally‡ with the addition of a mill and a nest of sieves§ similar to those used at Waltham Abbey for preparing the cordite for testing (*see* instructions below).

* For explosives supplied for His Majesty's Military and Naval Services the temperature is fixed by the War Office at 180°

† This can be readily effected by carefully working the two materials together with a wooden pestle in a wooden mortar

The French chalk should be of good commercial quality, and, after being carefully washed with distilled water and dried in a water oven, it should be exposed under a bell jar to moist air until it has taken up about 0·5 per cent of moisture It should then be bottled for use, and with ordinary care the limits of 0·5 per cent can be maintained in keeping

‡ In the Waltham Abbey apparatus the cover (Fig II) has all the holes around the circumference instead of having one in the centre and three around the circumference

§ A nest of two sieves with the holes drilled in sheet copper The holes in the top sieve have a diameter=11 B W G, those in the second=21 B W G

If too hard for the mill, it may be softened by exposure to the vapour of acetone, or reduced to the necessary degree of sub-division by means of a sharp moderately coarse rasp Should it have become too soft in the acetone vapour for the mill, it should be cut up into small pieces which may be brought to any desired degree of hardness by simple exposure to air

Explosives which consist partly of gelatinized collodion cotton and partly of ungelatinized gun cotton are best reduced to powder by a rasp, or softened by exposure to mixed ether and alcohol vapour at a temperature of 90° to 100° Fahr

2. Preparation of the sample to be tested.

Pieces half an inch long are cut from one end of every stick selected for the test; in the case of the thicker cordites, each piece so cut is further subdivided into about four portions. These cut pieces are then passed once through the mill, the first portion of material which passes through being rejected on account of the possible presence of foreign matter from the mill. The ground material is put on the top sieve of the nest of sieves and sifted. The portion which has passed through the top sieve and been stopped by the second is taken for the test. If the mill is properly set the greater portion of the ground material will be of the proper size.

If the volatile matter in the explosive exceed 0·5 per cent., the sifted material should be dried at a temperature not exceeding 140° Fahr. until the proportion does not exceed 0·5 per cent.

After each sample has been ground, the mill must be taken to pieces and carefully cleaned.

3. Application of the Test.

The thermometer is fixed so as to be inserted through the lid of the water-bath described under paragraph 1, so as to be immersed in the water to a depth of 2½ inches. The water is maintained at a constant temperature of 180° Fahr. When this temperature is reached, 25 grains of the sifted cordite are put into one of the test-tubes, and collected at the bottom by gentle tapping. A test-paper is fixed on to the hook of the glass rod, so that when inserted into the tube it will be in a vertical position. A mixture of equal parts of distilled water and pure glycerine (Price's) is now applied to the upper edge of the test-paper by means of a camel's-hair pencil, in sufficient amount to moisten the upper half; the stopper carrying the rod and paper is fixed into the test-tube and the position of the paper adjusted so that its lower edge is about half way down the tube; the latter is then inserted through one of the perforations of the cover to the same depth as the thermometer. The lower margin of the moistened part of the paper should then be about five-eighths of an inch above the surface of the cover. The test is completed when the faint brown line, which after a time makes its appearance at the margin between the wet and dry portions of the test-paper, equals in depth of tint the brown line drawn on the standard tint paper.

4. The time which elapses between the insertion of the test-tube and the completion of the test must not be less than 15 minutes.

N.B.—In the case of ballistite the treatment is the same, except that when it is in a very finely granulated condition it need not be cut up.

III.—Testing Gun-cotton, Schultz's Gun Powder, E. C. Powder, and other explosives of the 2nd Division of the Nitro-compound Class.

A.—COMPRESSED NITRO-CELLULOSE, TONITE, ETC., ETC.

Sufficient material to serve for two or more tests is removed from the centre of the cartridge by gentle scraping, and, if necessary, further reduced by rubbing through a sieve with a clean hard brush.

The fine powder thus produced is spread out in a thin layer upon a paper tray 6 inches by 4½ inches which is then placed inside a water oven, kept, as nearly as possible, at 120° Fahr.

The wire gauze shelves in the oven should be about 3 inches apart. The sample is allowed to remain at rest for 15 minutes in the oven, the door of which is left wide open.

After the lapse of 15 minutes the tray is removed and exposed to the air of the room for two hours, the sample being at some point within that time rubbed upon the tray with a brush, in order to reduce it to a fine and uniform state of division.

Application of the test.

The cover of the water-bath is fitted with the gas regulator which is inserted through the centre hole (No. 4). The thermometer is fixed into hole No. 3. The water in the bath is then heated to 170° Fahr., and the regulator set to maintain that temperature. Twenty grains of the sample to be tested

are weighed out, placed in the test-tube, and gently pressed down until the specimen occupies a space of not more than $1\frac{5}{16}$ inches in a test-tube of the dimensions specified. A test-paper is affixed to the hook of the glass rod or tube, and moistened by touching the upper edge with a drop of distilled water containing 50 per cent. of Price's glycerine. The quantity of liquid used must be only sufficient to moisten about half of the paper. The cork carrying the rod and test-paper is then fixed into the test-tube, and the latter inserted into the bath to a depth of $2\frac{1}{2}$ inches, measured from the cover, the regulator and thermometer being inserted to the same depth. The test-paper is to be kept near the top of the test-tube, but clear of the cork, until the tube has been immersed for about five minutes. A ring of moisture will about this time be deposited upon the sides of the test-tube a little above the cover of the bath; the glass rod must then be lowered until the lower margin of the moistened part of the paper is on a level with the bottom of the ring of moisture in the tube; the paper is now closely watched. The test is complete when the faint brown line which makes its appearance at the line of boundary between the dry and moist parts of the paper equals in tint the brown line of the standard tint paper.

The interval of time between the first insertion of the tube containing the sample of gun-cotton in the water at 170° and the production of the standard tint constitutes the test, and this interval of time must be *not less* than 10 minutes, or the sample will not be considered to have satisfied the test.

B.—Gelatinized and Semi-Gelatinized Nitro-Cellulose Preparations.*

Twenty-five grains introduced into the test-tube* of the dimensions prescribed for the dynamite heat test, then proceed as for blasting gelatine, etc., taking the temperature at 180° Fahr., and the time as 15 minutes.

C.—Nitro-Cellulose not included in A. or B., Schultz's Powder, E. C. Powder, etc., etc.

Sufficient of the sample, without further mechanical division, is dried in the oven as above, and then exposed for two hours to the air. The test as directed above for compressed nitro-cellulose, etc., is then applied, the minimum duration of test being the same, viz., 10 minutes.

D.—Picric Acid.

(1) The material shall contain not more than 0·3 part of mineral or non-combustible matter in 100 parts by weight of the material dried at 160° Fahr.

(2) It should not contain more than a minute trace of lead.

(3) One hundred parts of the dry material shall not contain more than 0·3 part of *total* (free and combined) sulphuric acid, of which not more than 0·1 part shall be *free* sulphuric acid.

(4) Its melting point should be between 248° and 253° Fahr.

E.—Ammonite, Bellite, Roburite, and Explosives of similar composition.

These are required to stand the same heat test as compressed nitro-cellulose.

IV.—Testing Chlorate Mixtures.

The material must not be too sensitive† and must show no tendency to increase in sensitiveness on keeping.

The material must contain nothing liable to reduce the chlorate.

Chlorides calculated as potassium chloride must not exceed 0·25 per cent.

* If in a compressed form it should be broken up in the same manner as cordite and ballistite.

† They will be considered too sensitive if they can be exploded however partially by means of a glancing blow with a broomstick on soft wood (such as deal).

The material must contain no free acid, or substance liable to produce free acid.

Explosives of this class containing nitro-compounds will be subject to the heat test as if they belonged to Class III.

V.—Testing Ammunition (Divisions 2 and 3).

Any explosive made up into ammunition (other than Division I), for which a test is provided in the schedule, is to be tested as if not so made up.

APPENDIX.

Exudation and Liquefaction Test for Blasting Gelatine, Gelatine Dynamite and analogous Preparations.

TEST FOR LIQUEFACTION.

A cylinder of blasting gelatine is to be cut from the cartridge to be tested, the length of the cylinder to be about equal to its diameter and the ends being cut flat.

The cylinder is to be placed on end on a flat surface without any wrapper, and secured by a pin passing vertically through its centre.

In this condition the cylinder is to be exposed for 144 consecutive hours (six days and nights), to a temperature ranging from 85° to 90° Fahr. (inclusive), and during such exposure the cylinder shall not diminish in height by more than one-fourth of its original height, and the upper cut surface shall retain its flatness and the sharpness of its edge.

Note.—If the blasting gelatine and the gelatine dynamite to be tested be not made up in a cylindrical form, the above test is to be applied with the necessary modifications

TEST FOR LIABILITY TO EXUDATION.

There shall be no separation from the general mass of the blasting gelatine or gelatine dynamite of a substance of less consistency than the bulk of the remaining portion of the materials under any conditions of storage, transport, or use, or when the material is subjected three times in succession to alternate freezing and thawing, or when subjected to the liquefaction test hereinbefore described.

1. The license is subject to the Indian Explosives Act, 1884, and to the rules made thereunder. [IV of 1884.]

2. It becomes void on the expiration of the term mentioned, or if a consignment breaks bulk before reaching the place of destination, or if the explosive is taken from or to any place other than the places mentioned in the license.

3. It authorises the licensee to deliver consignments of explosives required for blasting purposes from and to the places specified in the license : provided—

(*i*) that the consignee has taken out a license for the possession of such explosives under the Indian Explosives Act, 1884; [IV of 1884.]

(*ii*) that the quantity of explosives despatched to any consignee is not in excess of the quantity which such consignee is entitled to possess;

(*iii*) that each consignment of explosives is covered by a pass in the form appended hereto; and that (when the explosives are transported by rail) such pass shall be attached to the way-bill or invoice (as the case may be);

(*iv*) that a copy of the pass issued with each consignment is forthwith sent to the authority, granting the license and (in cases where the explosives are being transported to a place beyond the local limits of the jurisdiction of such authority) also to the Magistrate of the District to which the explosives are consigned or to the Commissioner of Police if the explosives are consigned to a Presidency town or Rangoon;

(*v*) that any loss, shortage or theft of explosives in transit is reported without delay to the licensing authority.

CONDITIONS.

1. The license is granted subject to the provisions of the Indian Explosives Act, 1884, and the rules thereunder. [IV of 1884]

2. The licensee shall keep records and accounts of all explosives manufactured, of all stock in hand, and of all sales, in such form as the Local Government may from time to time direct.

3. The licensee shall exhibit his stock and his books and records of manufacture and sales to any Magistrate or to any Police officer not below the rank of Inspector, whenever such Magistrate or officer may call upon him so to do.

4. *(1)* The explosive shall be manufactured in a tent or lightly constructed building exclusively appropriated for the purpose and separated from any dwelling-house, highway, street, public thoroughfare or public place by the distance—

(*a*) in the case of gunpowder or small-arm nitro-compound, of one hundred yards, or

(*b*) in the case of an explosive of the 1st Division of the 6th (ammunition) Class, or of the 7th (firework) Class, of fifty yards.

(2) In the case of filling cartridges for small-arms the operation may, if preferred, be carried out in the upper room of a building to which the conditions in clause (1) as to distance need not apply.

Provided that no more than five pounds of explosive (except such as may be contained in safety cartridges) shall be in the room where the operation is being carried on.

(3) In all other cases the manufacture shall be carried on in a one-storeyed building.

5. The number of persons employed at any one time in manufacture in any one building or room shall not exceed six, and only persons actually manufacturing or superintending manufacture shall be allowed inside the place of manufacture.

6. No iron or steel implements shall be used in manufacture. Only copper, gun-metal or wooden tools are permissible.

7. All explosives, as manufactured, shall be removed without delay to a safe place of storage, and no explosive shall be allowed to accumulate in the place of manufacture.

8. Manufacture shall only be carried on between sunrise and sunset.

9. No smoking or lights shall be allowed in or near a room where explosives are being manufactured.

10. All sales of explosives under this license must be effected on the premises shown on the face of the license.

11. An explosive shall not be sold to any child apparently under the the age of fourteen years, nor shall any child under that age be employed in manufacture.

12. The explosives possessed by the licensee shall be kept in one or other or both of the following modes:—

Mode A, that is to say, in a building or excavation, which is detached from any dwelling-house, and is separated by the distances prescribed in condition No. 4* from any highway, street, public thoroughfare or public place, and is made and closed so as to prevent unauthorised persons from having access thereto and to secure it from danger from without, and is exclusively appropriated to keeping explosives; and

(*a*) such a building must be substantially constructed of brick, stone or concrete, or must be a securely constructed fireproof safe; and

(*b*) such an excavation must be formed in solid rock, or earth, or in mine refuse not liable to ignition, and must not open into, from or out of any mine, quarry, tunnel or underground place which is in use for the carrying on of any work or for the employment of any person.

Mode B, that is to say, in a substantial receptacle (whether or not a fireproof safe) which is closed and secured so as to prevent authorized persons from having access thereto, and is exclusively appropriated to the keeping of explosives, and is placed inside a dwelling-house, or inside a building which is not itself qualified for the keeping of explosives in Mode A:

Provided that a fireproof safe shall not be used for the keeping of any explosive other than gunpowder or small-arm nitro-compound and cartridges of the 2nd Division of the 6th (ammunition) Class (not containing their own means of ignition) and made with gunpowder or small-arm nitro-compound, such as cartridges or charges for cannon or blasting purposes.

13. The maximum quantity of explosives allowed to be kept at the same time shall be the following:—

(1) if the only explosive kept be one or more of the following, namely:—

(*a*) gunpowder;

(*b*) small-arm nitro-compound; or

(*c*) ammunition of the first Division of the 6th Class, the maximum shall be—

	in Mode A.	in Mode B.
	lbs.	lbs.
gunpowder and small-arm nitro-compound, in all	Two hundred.	Fifty.
and, in addition, of explosives contained in ammunition of the 1st Division of the 6th Class	Any quantity.	Any quantity.

(2) if the only explosive kept be manufactured fireworks, the maximum shall be—

manufactured fireworks	Two hundred.	Fifty.

(3) in any other case the maximum shall be—

mixed explosives, including gun-powder, small-arm nitro-compound and manufactured fireworks, etc., in all ...	Sixty.	Fifteen.
and, in addition, of explosives contained in ammunition of the 1st Division of the 6th Class	Any quantity.	Any quantity.

Provided that in each of the three cases above-mentioned the aggregate quantity kept on the premises in Mode A and Mode B together may not in any case exceed the maximum quantity which may be kept in Mode A.

* These distances may be reduced to one-half when the building is surrounded by a traverse as high as the eaves of the building.

14. With respect to a building or excavation used in Mode A, and a receptacle used in Mode B,—

(*a*) the interior thereof, and the shelves and fittings therein, shall be so constructed, or so lined and covered, as to prevent the exposure of any iron or steel, or the detaching of any grit, iron or steel or similar substance, in such manner as to come into contact with the explosive;

and such interior, shelves and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean;

(*b*) in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom;

(*c*) all articles or substances of an explosive or highly inflammable nature and all lights shall be kept at a safe distance from the explosive, and from any room or part of a building, excavation or receptacle containing the same; and

(*d*) no person in any such room or part of a building or any such excavation, or any such receptacle, shall have any iron or steel in his possession, or attached to or on his boots or shoes:

Provided that this condition, so far as it relates to the exposure of iron or steel or similar substances, shall not be obligatory in the case where no explosive is kept other than ammunition of the 1st Division of the 6th (ammunition) Class.

15. Any quantity exceeding five pounds of an explosive of the 1st Division of the 6th (ammunition) Class or of the 2nd Division of the 7th (firework) Class, and of any other explosive exceeding one pound, shall be kept in a substantial case, bag, canister or other receptacle, made and closed so as to prevent the explosives from escaping;

and, when publicly exposed for sale or when sold, the outermost receptacle containing such explosives shall have affixed the name of the explosives in conspicuous characters by means of a brand or securely attached label or other mark:

Provided that two samples of each kind of firework may be exposed for sale without complying with the foregoing clauses of this condition, if such samples be placed in such a position that no light or fire is, or is likely to be, brought near them.

16. (1) Explosives of different descriptions which may be kept under this license shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other:

(2) Provided as follows:—

(*a*) Gunpowder, small-arm nitro-compound and safety fuzes belonging to the 1st Division of the 6th (ammunition) Class may be kept with each other without any intervening partition or space;

(*b*) the various explosives of the 1st Division of the 6th (ammunition) Class may be kept with each other without any intervening partition or space;

(*c*) the various explosives of the 7th (firework) Class may be kept with each other without any intervening partition or space.

17. *The licensee shall affix to his shop or place of business a signboard as required by condition (4) endorsed on Form XI or Form XIII of the forms prescribed by the Indian Arms Rules, 1909, and shall post up in his shop a copy of section 28 of the Indian Arms Act, 1878. [XI of 1878.]

18. *The licensee shall at the time of purchase endorse upon the license of every purchaser holding a license under Form XVI or XIX of the forms prescribed by the Indian Arms Rules, 1909, the following particulars, namely:—

(*a*) the name and address of the person who takes delivery of the articles sold;

(*b*) the nature and amount of articles sold; and

(*c*) the date of sale:

and shall append his signature to the endorsement.

19. A similar endorsement shall be made upon the license of every purchaser holding a license under the Explosives Act for the possession of explosives.

* These conditions are to be added only when the authority granting this license directs, in pursuance of rule 63, by an order written on the license, that this license shall have the effect of a like license granted under the Indian Arms Act 1878. [XI of 1878.]

CONDITIONS.

[IV of 1884.]

1. This license is granted subject to the provisions of the India Explosives Act, 1884, and the rules thereunder.

2. The licensee shall keep records and accounts of all explosives in stock and of all sales in such form as the Local Government may from time to time direct.

3. The licensee shall exhibit his stock and his books and records of sales to any Magistrate or to any Police officer not below the rank of Inspector, whenever such Magistrate or officer may call upon him so to do:

Provided that where the license extends only to the possession and sale of manufactured fireworks and the quantity permitted to be kept at one time does not exceed fifty pounds, the licensee shall not be required to keep or exhibit records or accounts of the same.

4. All sales of explosives under this license must be effected upon the premises shown on the face of the license.

5. An explosive shall not be sold to any child apparently under the age of fourteen years.

6. The explosives possessed by the licensee shall be kept in one or other or both of the following modes:—

Mode A, that is to say, in a building or excavation, which is detached from any dwelling-house, and is separated by the prescribed distances* from any highway, street, public thoroughfare or public place, and is made and closed so as to prevent unauthorised persons from having access thereto and to secure it from danger from without, and is exclusively appropriated to keeping explosives; and

(*a*) such a building must be substantially constructed of brick, stone or concrete, or must be a securely constructed fireproof safe; and

(*b*) such an excavation must be formed in solid rock or earth or in mine refuse not liable to ignition, and must not open into, from or out of any mine, quarry, tunnel or underground place which is in use for the carrying on of any work or for the employment of any person.

* In the case of gunpowder or small-arm nitro-compound, one hundred yards.
In the case of an explosive of the 1st Division and 6th (ammunition) Class or of the 7th (fire work) Class, fifty yards:
Provided that these distances may be reduced to one-half when the building is surrounded by a traverse as high as the eaves of the building.

Mode B, that is to say, in a substantial receptacle (whether or not a fireproof safe) which is closed and secured so as to prevent unauthorised persons from having access thereto, and is exclusively appropriated to the keeping of explosives, and is placed inside a dwelling-house or inside a building which is not itself qualified for the keeping of explosives in Mode A:

Provided that a fireproof safe shall not be used for the keeping of any explosive other than gunpowder or small-arm nitro-compound and cartridges of the 2nd Division of the 6th (ammunition) Class (not containing their own means of ignition) and made with gunpowder or small-arm nitro-compound, such as cartridges or charges for cannon or blasting purposes.

7. The maximum quantity of explosives allowed to be kept at the same time shall be the following:

(1) if the only explosive kept be one or more of the following, namely:—

(*a*) gunpowder,
(*b*) small-arm nitro-compound, or
(*c*) ammunition of the 1st Division of the 6th Class,

the maximum shall be—

	In Mode A.	In Mode B.
	lbs.	lbs.
gunpowder and small-arm nitro-compound, in all	Two hundred.	Fifty.
and, in addition, of explosives contained in ammunition of the 1st Division of the 6th Class ...	Any quantity.	Any quantity.

(2) if the only explosive kept be manufactured fireworks the maximum shall be—

manufactured fireworks ...	Two hundred.	Fifty.

(3) in any other case the maximum shall be—

mixed explosives, including gunpowder, small-arm nitro-compound and manufactured fireworks, etc., in all	Sixty.	Fifteen.
and, in addition, of explosives contained in ammunition of the 1st Division of the 6th Class ...	Any quantity.	Any quantity

Provided that in each of the three cases above mentioned the aggregate quantity kept on the premises in Mode A and Mode B together may not in any case exceed the maximum quantity which may kept in Mode A.

8. With respect to a building or excavation used in Mode A, and receptacle used in Mode B,—

(*a*) the interior thereof, and the shelves and fittings therein, shall be so constructed or so lined and covered as to prevent the exposure of any iron or steel, or the detaching of any grit, iron or steel or similar substance, in such manner as to come into contact with the explosive;

and such interior, shelves and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean;

(*b*) in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom;

(*c*) all articles or substances of an explosive or highly inflammable nature, and all lights, shall be kept at a safe distance from the explosive, and from any room or part of a building, excavation or receptacle containing the same; and

(*d*) no person in any such room or part of a building, or any such excavation or any such receptacle, shall have any iron or steel in his possession, or attached to or on his boots or shoes;

Provided that the condition, so far as it relates to the exposure of iron or steel or similar subtances, shall not be obligatory in the case where no explosive is kept other than ammunition of the 1st Division of the 6th Class.

9. Any quantity exceeding five pounds of an explosive of the 1st Division of the 6th (ammunition) Class or of the 2nd Division of the 7th (firework) Class and of any other explosive exceeding one pound shall be kept

in a substantial case, bag, canister or other receptacle, made and closed so as to prevent the explosives from escaping;

and, when publicly exposed for sale or sold, the outermost receptacle containing such explosives shall have affixed the name of the explosives in conspicuous characters by means of a brand or securely attached label or other mark:

Provided that two samples of each kind of firework may be exposed for sale without complying with the foregoing clauses of this condition, if such samples be placed in such a position that no light or fire is, or is likely to be, brought near them.

10. (1) Explosives of different descriptions which may be kept under this license shall be separated by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other:

(2) Provided as follows:—

(*a*) Gunpowder, small-arm nitro-compound and safety fuzes belonging to the 1st Division of the 6th (ammunition) Class may be kept with each other without any intervening partition or space;

(*b*) the various explosives of the 1st Division of 6th (ammunition) Class may be kept with each other without any intervening partition or space;

(*c*) the various explosives of the 7th (firework) Class may be kept with each other without any intervening partition or space.

11. * The licensee shall affix to his shop or place of business a signboard as required by condition (4) endorsed on Form XII or Form XIV of the forms prescribed by the Indian Arms Rules, 1909, and shall post up in his shop a copy of section 28 of the Indian Arms Act, 1878.

[XI of 1878.]

12. * The licensee shall at the time of purchase endorse upon the license of every purchaser holding a license under Form XVI or XIX of the forms prescribed by the Indian Arms Rule, 1909, the following particulars:—

(*a*) the name and address of the person who takes delivery of the articles sold;

(*b*) the nature and amount of the article sold; and

(*c*) the date of sale;

and shall append his signature to the endorsement.

13. A similar endorsement shall be made upon the license of every purchaser holding a license under the Indian Explosives Act, 1884, for the possession of explosives.

[IV of 1884]

[XI of 1878]

* These conditions are to be added only when the authority granting this license directs, in pursuance of rule 68, by an order written on the license, that this license shall have the effect of a like license granted under the Indian Arms Act, 1878

In the case of any building or work above-mentioned which is so screened from the magazine by the natural features of the ground or by good and sufficient artificial mounds of earth as not to be visible from any part of such magazine, the distance assigned above as that to be observed between such building or work and the magazine may be reduced by one-half.

In the case of any building or work above-mentioned which is so screened from the magazine by an intervening hill, that a line drawn from any part of such building or work to any part of such magazine would pass through such hill, the distance assigned by this schedule as that to be observed between such building and work and the magazine may be reduced by three-fourths; but if a Government Inspector notifies in writing that in his judgment the intervening hill, in respect of which such reduction is claimed, is not of a character to justify such reduction, this clause, authorising such reduction, shall be deemed not to apply in respect of the said building or work.

* The distances will be required to be kept clear not merely on the first establishment of the magazine but during the continuance of the license.

CONDITIONS.

1. This license is granted subject to the provisions of the Indian Explosives Act, 1884, and the rules thereunder. (IV of 1884)

2. The whole vessel, barge or craft in or on board which the explosives are stored shall be deemed to constitute the magazine.

3. The magazine shall be used only for the keeping of such explosives as may be specified in the license, and of receptacles for, or tools or implements for work connected with, the keeping of such explosives.

4. The interior of the magazine, and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel in such manner, and the detaching of any grit, iron, steel or similar substance in such manner, as to come into contact with the explosives in such magazine; and such interior, benches, shelves and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean.

5. The magazine shall have attached thereto an efficient lightning conductor, which shall be tested previous to the storage of explosives.

6. No charcoal, whether ground or otherwise, oiled cotton, oiled rags or oiled waste and no article whatever which is liable to spontaneous ignition shall be taken into the magazine.

7. Before repairs are done to or in any part of the magazine, it shall, so far as practicable, be cleaned by the removal of all explosives and by a thorough washing out. After being so cleaned, it shall not be deemed to be a magazine until explosives are again taken into it.

8. There shall be constantly kept in the magazine, affixed in such manner as to be easily read, a copy of the license, and of any special rules that may be issued from time to time for the keeping of explosives in a floating magazine.

9. All tools and implements used in any repairs to or in any part of the magazine shall be made only of wood or copper or brass or some soft metal or material, or shall be covered with some safe and suitable material.

10. No fires, lights or lucifer matches, and no substance or article which is likely to cause explosion or fire, shall be permitted to be at any time in the magazine.

11. Due provision shall be made, by the use of suitable working clothes without pockets, or of suitable shoes, or by searching or otherwise, or by some such means, for preventing the introduction into the magazine of fire lucifer matches or any substance or article which is likely to cause explosion or fire; and for preventing the introduction of any grit, iron or steel into any part of the magazine where it would be likely to come into contact with explosives; and in any part of the magazine in which any explosive is kept which is liable to be dangerously affected by water, due precautions shall be taken to exclude water from such part; but this condition shall not prevent the introduction of an artificial light of such construction, position or character as not to cause any danger of fire or explosion; and so much of this condition as relates to the exclusion of grit, iron or steel shall not be obligatory in the case of a magazine in which no explosive other than explosives of the 1st Division of the 6th (ammunition) Class is kept.

12. No person shall smoke in any part of the magazine.

13. (*1*) The licensee shall not employ any vessel, barge or craft to carry an explosive to or from the magazine unless the cabin, hold or other part of the vessel, barge or craft in which the explosive is or is to be carried—

(*a*) is constructed without any exposed iron or steel in the interior thereof.

(*b*) contains only explosives, and

(*c*) is closed or otherwise properly covered over:

Provided that clause (*a*) shall not apply in the case of any vessel, barge or craft which carries no explosive other than explosive of the 1st Division of the 6th (ammunition) Class, or which is specially exempted by an order of the Chief Inspector of Explosives or by an order of the Local Government endorsed on this license.

(*2*) The licensee shall see that the explosives to be placed on any vessel, barge or craft so employed are loaded, carried and unloaded with all due diligence and with such precautions and in such manner as will sufficiently guard against any accidental ignition.

14. The licensee shall see—

(*a*) that no fire, unprotected light or smoking is allowed while any explosive [other than explosives of the 1st Division of the 6th (ammunition) Class] is being received or delivered, or while the hatches or door of the magazine, or the hatches or coverings of any vessel, barge or craft alongside containing any such explosive, are open; and

(*b*) that no receipt or delivery of explosive is carried on, and that the hatches or door of the magazine are or is kept closed, when any vessel, barge or craft having on board a fire (other than engine-fires properly banked up) or an unprotected light is alongside a magazine containing an explosive other than explosives of the 1st Division of the 6th (ammunition) Class or in the immediate vicinity.

15. A person under the age of fourteen years shall not be employed in or enter the magazine, except in the presence and under the supervision of some grown-up person.

16. In the case of the magazine being approachable at low water by carriages, the words "vessel, barge, or craft," in Nos. 13 and 14 of these conditions, shall be taken to include a carriage.

17. (*1*) Two or more descriptions of explosives, which may lawfully be possessed in a licensed magazine, may be possessed in the same magazine, if they are separated from each other by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in one compartment from extending to another compartment.

(*2*) Provided as follows:—

(*a*) the various explosives of Classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound) and 4 (chlorate mixture), safety fuzes belonging to the 1st Division of the 6th (ammunition) Class, and such of the various explosives of the 2nd Division of the 6th (ammunition) Class, as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space;

CONDITIONS.

This license is granted subject to the provisions of the Indian Explosives Act, 1884, and the rules thereunder. [IV of 1884.]

2. All explosives must be kept in the magazine indicated in this license.

3. The magazine is not to be used until this license is endorsed by the district authority in accordance with rule 48.

4. The licensee shall keep records and accounts of all explosives in stock and of all sales or issues in such form as the Local Government may from time to time direct.

5. There shall not be at the same time in the magazine any quantity of explosives exceeding the quantity specified in the license.

6. The magazine shall be used only for the keeping of the explosives specified in the license, and of receptacles for, or tools or implements for work connected with the keeping of such explosives.

7. The interior of the magazine, and the benches, shelves and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel and the detaching of any grit, iron, steel or similar substances in such manner as to come into contact with the explosives; and such interior, benches, shelves and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean; and, in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom:

Provided that so much of this condition as relates to precautions against the exposure of any iron or steel and the detaching of any grit, iron, steel or similar substances shall not be obligatory in a building in which no explosive other than an explosive of the 1st Division of the 6th (ammunition) Class is kept.

8. The magazine shall have attached thereto an efficient lightning conductor, which shall be tested at least once during the currency of the license, and a certificate showing the result and date of the last test shall be hung up in a conspicuous place in the magazine.

9. Before repairs are done to any room or magazine or part thereof, the same shall, as far as is practicable, be cleaned by the removal of all explosives or mixed ingredients thereof, and the thorough washing out of such room, magazine or part; and after such cleaning these conditions shall cease to apply to such room or part of the magazine until any explosive is again taken into it:

Provided that this condition shall not be obligatory in a magazine in which no explosive other than an explosive of the 1st Division of the 6th (ammunition) Class is kept.

10. Except after such cleaning, all tools and implements used in, or in making any repairs to, any part of the magazine shall be made only of wood, copper or brass or some soft metal or material, or shall be covered with some safe and suitable materials:

Provided that this condition shall not be obligatory in a magazine in which no explosive other than an explosive of the 1st Division of the 6th (ammunition) Class is kept.

11. Due provision shall be made, by the use of suitable working clothes without pockets, or of suitable shoes, or by searching or otherwise, or by some such means, for preventing the introduction into the magazine of fire lucifer matches or any substance or article likely to cause explosion or fire, or of any grit, iron or steel: but this rule shall not prevent the introduction of an artificial light of such construction, position or character as not to cause any danger of fire or explosion:

Provided that so much of this condition as applies to the exclusion of grit, iron or steel shall not be obligatory in a building in which no explosive other than an explosive of the 1st Division of the 6th (ammunition) Class is kept.

12. No person shall smoke in any part of the magazine.

13. No person under the age of fourteen years shall be employed in or enter the magazine, except in the presence and under the supervision of some grown-up person, and no explosive shall be sold to any such person.

14. (1) Two or more descriptions of explosives which may lawfully be possessed in a licensed magazine may be possessed in the same magazine if they are separated from each other by an intervening partition of such substance and character, or by such intervening space, as will effectually prevent explosion or fire in the one communicating with the other:

(2) Provided as follows:—

(*a*) the various explosives of Classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound) and 4 (chlorate-mixture), safety fuzes belonging to the 1st Division of the 6th (ammunition) Class, and such of the various explosives of the 2nd Division of the 6th (ammunition) Class as do not contain any exposed iron or steel may be kept with each other without any intervening partition or space;

(*b*) the various explosives of the 1st Division of the 6th (ammunition) Class may be kept with each other without any intervening partition or space;

(*c*) such of the various explosives of the 2nd Division of the 6th (ammunition) Class as contain any exposed iron or steel, may be kept with each other without any intervening partition or space;

(*d*) the various explosives of the 3rd Division of the 6th (ammunition) Class may be kept with each other without any intervening partition or space;

(*e*) the various explosives of the 7th (firework) Class may be kept with each other without any intervening partition or space.

(3) Save as aforesaid, two or more descriptions of explosives shall not be kept in the same magazine.

15. The licensee, and every person employed in or about the magazine, shall take all due precautions for the prevention of accidents by fire or explosion in the magazine, and for preventing unauthorised persons from having access to the magazine or to the explosives therein, and shall abstain from any act whatever which tends to cause fire or explosion and is not reasonably necessary for the purpose of the work in such magazine.

16. (1) Blasting gelatine or any of its kindred gelatinous nitro-compounds shall not be kept in the magazine after the expiration of three years from the date of its, or their, importation into British India, except with the special sanction of an Inspector of Explosives.

(2) When such sanction has been given, a written certificate, showing the period covered by the sanction, must be obtained from an Inspector of Explosives at each inspection, and must be kept by the licensee at the magazine.

17. The licensee shall, at his own expense, provide for the safe custody of the magazine, a guard which shall be of such strength as the District Magistrate or the Commissioner of Police, as the case may be, may consider to be sufficient.

18. All losses, shortage of stock and thefts of explosives shall be reported without delay to the nearest police-station.

(*b*) the various explosives of the 1st Division of the 6th (ammunition) Class may be kept with each other without any intervening partition or space;

(*c*) such of the various explosives of the 2nd Division of the 6th (ammunition) Class as contain any exposed iron or steel may be kept with each other without any intervening partition or space;

(*d*) the various explosives of the 3rd Division of the 6th (ammunition) Class may be kept with each other without any intervening partition or space;

(*e*) the various explosives of the 7th (firework) Class may be kept with each other without any intervening partition or space.

(*3*) Save as aforesaid, two or more descriptions of explosive shall not be kept in the same magazine.

CONDITIONS.

[IV of 1884] 1. This license is granted subject to the provisions of the Indian Explosives Act, 1884, and the rules thereunder.

2. The licensee shall keep records and accounts of all explosives in stock and of all sales in such form as the Local Government may from time to time direct.

3. Explosives shall not be sold to any child apparently under the age of fourteen years.

4. All explosives exceeding one pound in weight, when publicly exposed for sale or sold, shall be in a substantial case, bag, canister or other receptacle, made and closed so as to prevent the explosives from escaping; and the outermost receptacle containing such explosives shall have affixed the name of the explosives, with the word "explosive' added thereto in conspicuous characters by means of a brand or securely attached label or other mark.

SCHEDULE IV.

REGULATIONS FOR PACKAGE OF EXPLOSIVES.

(See Rule 74.)

Class.	Method of packing.	Amount in any one outer package.	Amount in any one inner package.
Class 1	When the quantity in any one consignment does not exceed 5 lbs. in amount, a single outer package ; otherwise A double package, the inner and outer packages being as above defined.	100 lbs. Provided that where gunpowder and propellant are packed together the amount shall not exceed—	100 lbs.
		50 lbs.	25 lbs.
Class 2	As for class 1	50 lbs.	50 lbs.
Class 3, Division 1, other than propellants.	As for Class 1, provided that either the outer or inner package shall be thoroughly waterproof, and both shall be without metal in the construction thereof.	50 lbs.	5 lbs.
Class 3, Division 1, propellants.	As for Class 1	50 lbs.	50 lbs.
Class 3, Division 2, other than Picric Acid and Wet Guncotton.	As for Class 1	50 lbs.	50 lbs.
Picric Acid ...	As for Class 1	Unlimited.	Unlimited.
Guncotton so wetted with water as to be absolutely uninflammable.	As for Class 1, provided that the inner or outer package, or both of them, shall be of such a nature, and so closed, as to prevent any material loss of moisture during conveyance.	Unlimited.	Unlimited.
Class 4, Division 1 ...	As for Class 3, Division 1, other than propellants.	50 lbs.	5 lbs.
Class 4, Division 2 ...	As for Class 1	50 lbs.	50 lbs.
Class 5	Packed in water. A treble package, the innermost package being a bag permeable to water enclosed in a case containing sufficient water to ensure the explosive being kept constantly wet ; and the outer package containing sufficient water constantly to surround the case. Both the case and the outer package shall be of such construction as will not allow water to escape. If the explosive is of such character that it cannot be packed in a thoroughly wet condition, it shall be packed in accordance with conditions prescribed by the Chief Inspector of Explosives.	200 lbs.	25 lbs.
Class 6, Division 1, other than Pin-fire cartridges for pistols.	A single outer package : Provided that clause (2) of rule 73 shall not apply to explosives of this Division : Provided also that bulleted cartridges of a calibre exceeding 0·5 inch and belonging to this Division shall be packed in such a manner that the point of any bullet cannot come in contact with the cap of another cartridge.	Unlimited.	.....
Pin-fire cartridges for pistols.	(a) Not exceeding 50 in number in any one consignment :—So packed in a single package that the bases lie alternately in opposite directions. The bases and pins shall be so fitted into perforations in millboard or other suitable material as to prevent the firing of any one of the said cartridges by an explosion in any other of the said cartridges.	50 in number.	.....

Class.	Method of packing.	Amount in any one outer package.	Amount in any one inner package.
	(*b*) Exceeding 50 in number :—In an inner and outer package, the cartridges being packed in inner packages with millboard as above required.	2,500 in number	50 in number.
Class 6, Division 2 ...	Explosives made up into cartridges or charges for cannon, shells, torpedoes, mines, blasting or other like purposes shall be packed in such manner and in such quantity as is required for the same explosive when not so made up ; provided that, where a double package is required, the enclosing case of such cartridges or charges may, if it satisfies the conditions required for an inner package, be held to be such inner package.	.....	.....
	Other ammunition of this Division :—A single outer package.	100 lbs	.....
Class 6, Division 3, other than Detonators and Electric Detonators.	As for Class 1...	50 lbs.	2 lbs. or 10 in number, which ever be the greater.
	Provided that bulleted cartridges of a calibre exceeding 0·5 inch and belonging to this Division shall be packed in such a manner that the point of any bullet cannot come in contact with the cap of another cartridge.		
Detonators ...	(*a*) Not exceeding 1,000 in any one consignment :—As for Class 1, provided that the detonators and the spaces between the same and between the sides of the inner package and the said detonators shall all be filled, as far as practicable, with fine sawdust or other similar material ; a layer of felt or other soft yielding material shall be placed between both ends of all the detonators and the interior of the inner package in which the same are placed, in such manner, and so secured, that both ends of the detonators will rest upon the said cotton wool or other material ; every inner package, if of metal, to be lined throughout with paper or other soft material ; and	1,000 in number	100 in number
	(*b*) Exceeding 1,000 detonators :— The detonators shall be packed in inner packages, with sawdust and cotton wool as above described. Such inner packages shall be placed inside a substantial case of wood or metal, made and closed so as to prevent any of the inner packages escaping therefrom, and such case shall be placed inside an outer package in such manner and so secured as to leave a clear space of not less than three inches between the case and every part of the interior of the said outer package, notwithstanding that such clear space may, if preferred, be filled with sawdust, straw, or other similar material, or may contain a light framework or battens of wood to keep the case aforesaid in position in the outer package ; and	10,000 in number	100 in number.
	(*c*) where the number of detonators exceeds 5,000, such outer package shall be provided with handles or other contrivance, by means of which it can be safely and conveniently carried.		

Class.	Method of packing.	Amount in any one outer package.	Amount in any one inner package.
Electric Detonators ...	As for Class 1, provided that where the number in any outer package exceeds 3,000, such outer package shall be provided with handles or other contrivance, by means of which it can be safely and conveniently carried.	5,000 in number	100 in number.
Class 7, Division 1 ...	Double package, the inner package being hermetically closed and contained in an outer package as above defined.	20 lbs.	1 lb.
Class 7, Division 2 ...	Single outer package, provided that clause (2) of rule 73 shall not apply to explosives of this Class and Division.	100 lbs.	.....

NOTICE.

THE GOVERNMENT COMMERCIAL INSTITUTE.

SESSION 1912-13.

303, Bowbazar Street, Calcutta.

The Day Course.

THERE are two day classes—a first-year class and a second-year class. For the students of these classes the following course of study is prescribed:—

(1) Modern English, and especially English Correspondence, including Commercial Correspondence, Letter-drafting and Précis-writing.
(2) Arithmetic, including Commercial and Mental Arithmetic.
(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
(4) One of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.
(5) Commercial Geography.

Arrangements are made to enable those students who may wish to do so to study two or all of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects:—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures," of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to

incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination. Lists of successful students are circulated by the Bengal Chamber of Commerce to various firms and the steadily increasing demand for passed students now exceeds the supply.

The new session will open on the 2nd July 1912. Applications for admission will now be received. Prospectus may be had from the Principal.

G. K. SEN, *Offg. Principal.*

NOTICE.

THE College classes will reopen on the 3rd July after the summer vacation.

The College teaches up to the B.A. and B.Sc. Standards, with Honours in English, Philosophy, Sanskrit, Mathematics, Physics and Chemistry.

The tuition fee is Rs. 4 a month; the hostel charge is Rs. 7-4 a month. Detailed prospectus may be had on application to the College office.

The following scholarships are awarded to the students who obtained admission in the third-year class of this College. These scholarships are open to all successful Intermediate candidates from all Colleges in Bengal:—

K. C. Sarkar Scholarship of Rs. 15 a month, tenable for two years.

Rani Mono Mohini Scholarship of Rs. 10 a month, tenable for two years.

Rani Mono Mohini Scholarship of Rs. 8 a month, tenable for two years.

Rani Mono Mohini Scholarship of Rs. 7 a month, tenable for two years.

Arrangements will be made for systematic courses of lectures, tutorial classes, moot courts and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or of a member of the staff.

The College fees will be Rs. 6 per month. An admission fee of Rs. 6 will be charged in the case of first admission to the College.

Sixteen scholarships of Rs. 10 a month, each tenable for one year, have been established. Five of these will be open to competition among students of the first-year class, six among the students of the second-year class and five among the students of the third-year class. The scholarships in the first-year class will be awarded towards the end of September upon the results of the College test to be held at that time; those in the second-year class will be awarded upon the results of the preliminary examination in Law, and those in the third-year class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from July. Twenty scholarships of Rs. 6 a month, tenable for one year, will also be awarded from the endowment established by the Maharaja of Cossimbazar.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the results of the final examination in Law and on condition that the recipients do prosecute a course of study for the M.L. Examination under the direction of the Principal.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July 1912.

Students are recommended in all cases to take their admission before the 1st July 1912.

To the College is attached an extensive Law Library containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

From the ensuing session, the College will be held in the spacious apartments of the Darbhanga Buildings just completed, and ample provision will be made for reading rooms.

During the last session, the Hon'ble the Vice-Chancellor presided over many of the moot courts. This arrangement will be continued during the ensuing session. Courses of lectures will also be delivered for the benefit of M.L. students; except by special order, no one will be admitted to these lectures who has not taken his Degree in Law from the University College.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta. Further information as also a detailed programme of the work may be obtained on application to the Librarian, University Law College, Senate House, Calcutta.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

From—J. H. KERR, ESQ., C.I.E., Secretary to the Government of Bengal, General Department,
To—The Director of Public Instruction, Bengal.

I AM directed to refer to your letter No. 51T., dated the 7th May 1912, regarding the gift of a sum of Rs. 18,000 (Rupees eighteen thousand) by the Executors to the Estate of Srimati Nistarini Dasi, deceased, widow of the late Babu Bolye Chand Dutt, of Calcutta, for the creation of a fund to be

called the "Nistarini Dasi Memorial Scholarship and Prize Fund." Out of the annual income of this endowment it is proposed to institute two scholarships, each of the value of Rs. 12 a month and tenable for two years, by two poor and deserving Hindu students of the Presidency College, one to be awarded to a candidate for the degree of Bachelor of Science and the other to a candidate for the degree of Master of Science, and also to award annually a prize to an I.Sc. student of the College. You forward a draft notification and scheme under sections 4 (1) and 5 (1) of the Charitable Endowments Act (Act VI of 1890), vesting the property in the Treasurer of Charitable Endowments, and report that it has been duly approved by the Executors and by the Principal of the Presidency College, who is to be the Administrator of the Fund.

2. In reply I am to say that Government approves the deed, a copy of which will appear under notification No. 824T.—G., dated 13th June 1912. I am to ask you to convey to the Executors the thanks of Government for their liberality.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 17th June 1912.

Summary.—During the week under review rain fell all over the Province except in Malda. The fall was moderate in parts of Jessore, Rangpur, Mymensingh, Bakarganj, Chittagong, Tippera and Noakhali and generally light in the rest of the Province. Preparation of lands for winter rice and weeding of jute and autumn rice continue. More rain is wanted for standing crops and for sowing of winter rice seedlings in most districts of the Province. The average price of rice has risen by about 2·7 per cent. as compared with last week. Cattle-disease is reported from Murshidabad, Khulna, Malda and Noakhali.

No. 3399.—The 24th June 1912.—The following notification of the Government of India is republished for general information and guidance :—

J. H. KERR,
Secy. to the Govt. of Bengal.

No. 196, dated Simla, the 17th May 1912.

NOTIFICATION—By the Govt. of India, Dept. of Education.

THE Governor-General in Council is pleased to direct that the words "or by a plain granite or marble curb on a concrete foundation" shall be added after the words "metal pillars" in line 2 of rule 19, Part I, of the Ecclesiastical Rules, published with the Home Department Notification No. 465, dated the 6th November 1909.

No. 953T.G.—The 24th June 1912.—In exercise of the power conferred by section 37 of the Indian Factories Act, 1911 (XII of 1911), and in supersession of all existing rules on the subject, the Governor in Council is pleased to make the following rules :—

1. These rules and orders may be cited as "The Bengal Factories Rules, 1912."

2. In these rules and orders—

(*a*) words and expressions which are defined in the Indian Factories Act, 1911, have the same meaning as in the said Act;

(*b*) "the Act" means the Indian Factories Act, 1911;

(*c*) "Inspector" means an Inspector appointed under section 4 of the Act;

(*d*) "section" means a section of the Act.

Proviso (1).—When in any area the Local Government has, by notification in the local official Gazette, under sub-section (5) of section (4), declared that the District Magistrate or an additional Inspector shall exercise all the powers of an Inspector under the Act, the word "Inspector" shall be held to include such District Magistrate or additional Inspector.

Proviso (2).—When in any area the Local Government has declared, as aforesaid, that a District Magistrate or additional Inspector shall exercise certain powers of an Inspector, the word "Inspector" shall be held to include such District Magistrate or additional Inspector, only in so far as any one or more of these rules are specified in the notification.

Register of factories.

3. Every Inspector shall keep a register of factories in Form A in the Schedule appended to these rules, and shall, if he be not himself the District Magistrate, furnish a copy thereof to the District Magistrate on the 15th February of each year. He shall also forthwith intimate to the District Magistrate all changes in the register which are made in pursuance of rules 4 and 5.

Directions for compiling register of factories.

4. (1) When an Inspector receives a notice under section 33 from any person occupying a factory, he shall, if he has not already done so, include such factory in his register.

(2) When an Inspector has reason to believe that any premises, situated within the local limits for which he is appointed and not already registered as a factory, ought to be so registered, he shall send to the occupier of the premises a notice intimating his intention of including such premises in his register of factories.

(3) Any person served with a notice under sub-rule (2) above may, within 30 days of the receipt of such notice, forward to the Inspector a statement setting forth his objections to the registration of the premises as a factory. The Inspector shall consider and dispose of such objections after making such enquiry as he may deem necessary, and shall then include such premises in his register of factories or not, as the case may be.

[*Note.*—Form A is identical with the form of return which it is proposed that Managers of factories shall submit to the Inspector by the 15th January each year. From this return the Inspector will prepare his register of factories.]

Notice when factory ceases to be occupied.

5. When any premises cease to be occupied as a factory, the occupier may give notice of the fact to the Inspector, who shall, if satisfied that the Act is no longer applicable to such premises, exclude them from his register of factories:

Provided that—

(*a*) an Inspector may, without such notice, of his own motion at any time exclude any factory from his register if satisfied that it is no longer used as such: and

(*b*) seasonal factories shall not be excluded from the register if there is a probability of their again starting work within a reasonable time.

Inspection.

6. Every Inspector shall be primarily responsible for the administration of the Act within the area for which he is appointed. An Inspector shall, within such area, inspect every textile factory at least four times a year and every other factory at least once a year. He shall also make such further inspections as may appear to be necessary to him, or to the authority to whom he is subordinate, in order that he may satisfy himself that the provisions of the Act and of these rules are duly observed.

7. (1) The Inspector shall, at each inspection of a factory, satisfy himself that the provisions of the Act and of these rules relating to the health and safety of the persons employed therein are duly observed; that the children employed in the factory have been duly certified and the prescribed register of children properly maintained; that the hours of employment of women and children and of persons working in shifts are properly recorded; that the periodical stoppages of work and the prescribed holidays are granted; that the prescribed limits of hours of work are not exceeded; and that the prescribed abstract and notice are duly maintained and fixed under section 36.

(2) The Inspector shall also enquire into the cause of all accidents which may have taken place since the last inspection, and shall note how far defects pointed out at previous inspections have been removed and how far orders previously issued have been complied with. Any defects which may have been detected at the present inspection, as well as any orders passed by him, shall then be recorded.

(3) A copy of the Inspector's report shall be sent to the occupier or manager of the factory concerned, and extracts of such portions as the Inspector may think necessary shall be sent to the District Magistrate:

Provided that, when in any area the District Magistrate or an additional Inspector exercising all or any of the powers of an Inspector makes an inspection, a copy of the inspection notes shall be sent to the Inspector appointed for that area, under section 4, sub-section (1), for such action as he may think necessary.

8. Every Inspector shall keep a file of inspection reports on factories in Form B in the Schedule attached to these rules, in which shall be recorded all orders and remarks made by him relating to each inspection.

Duties of Certifying Surgeon or person authorised to exercise his functions.

9. (1) The duties of a Certifying Surgeon, as such, and of a person authorised under section 8 to exercise his functions, shall comprise the examination of persons desirous of being employed in a factory and the grant to them of certificates of age and of physical fitness. No fee shall be charged for such examination or for the grant of a certificate in pursuance thereof.

(2) A Certifying Surgeon appointed under section 6 or any person authorised by such Surgeon under section 8 shall fix such place and such times as may be proper for the attendance of persons wishing to obtain certificates of age and physical fitness under section 7. Notice of the place and the times thus fixed shall be given to the manager of the factory concerned within the local limits for which such Surgeon or authorised person is appointed.

10. (1) Every Certifying Surgeon shall keep a bound book containing forms in foil and counterfoil as reproduced in Form C in the Schedule appended to these rules. Such forms shall be numbered consecutively, and shall be printed on cloth-backed paper,

(2) Every certificate granted by a Certifying Surgeon under section 7 shall be prepared by filling up the foil and counterfoil, on both of which shall also be impressed the left thumb mark of the person in whose name the certificate is granted.

(3) The Certifying Surgeon shall, when satisfied as to the correctness of the entries made therein, sign the foil and initial the counterfoil, and shall deliver the foil to the person at whose request the certificate was granted. The foil so delivered shall be the certificate granted under section 7.

(4) If the Certifying Surgeon refuses, for reasons to be stated in writing, to grant to any person a certificate under this rule, no fresh application for a certificate shall be made on behalf of such person until a period of three months has elapsed, unless the Certifying Surgeon otherwise gives permission in writing at the t me of refusing to grant the certificate.

Grant of provisional certificates under section 8.

11. Every person authorised under section 8 to exercise the functions of a Certifying Surgeon shall grant certificates in the manner provided for in the last preceding rule:

Provided that, in the case of such provisional certificate, the left thumb mark of the person in whose name the certificate is granted shall be taken on the counterfoil only.

12. (1) A Certifying Surgeon shall visit every factory within the local limits for which he is appointed as follows:—

	Visits per annum
(*a*) *A.*—Factories in which provisional arrangements are made—	
(*i*) Mills employing 500 children and under ...	12
(*ii*) Ditto over 500 children	24
B.—Factories in which no provisional arrangements are made	24

(*b*) He shall give previous notice of every visit.

(2) At every visit the Manager shall produce before him, at such time as the Certifying Surgeon may fix, all children employed in the factory, whether actually at work or not, who are not in possession of certificates granted under section 7:

Provided that children employed solely in the places mentioned in section 3, sub-section (2), need not be produced before him.

(3) The Certifying Surgeon shall personally examine every child who is in possession of a provisional certificate granted under section 8, and shall, if satisfied as to its correctness, countersign the same and return it to its owner, after taking on the foil the left thumb impression of the person in whose name the certificate is granted. Such thumb impression must correspond with that already taken on the counterfoil at the t me of the grant of the provisional certificate.

(4) If on such examination the Certifying Surgeon is of opinion that the person examined is under the age of nine years or is not fit for employment in a factory, he shall retain the certificate, write on it the word "Cancelled" and sign the same, and shall then return the certificate with such remarks, if any, as he may think fit to make, to the person who granted it.

Sanitary provisions.

13. (1) In every factory the inside surface of all walls of the rooms in which manufacturing processes are carried on and all the ceilings or tops of such rooms (whether such walls, ceilings, or tops be plastered or not), and all passages and staircases, shall be limewashed at least once during each period of two years, the first of such periods commencing from the date of the last limewashing.

(2) The Local Government may, by special order, exempt any class of factories or parts thereof from the provisions of this rule, when such Government is of opinion that the said provisions are not necessary under clause (*a*) of section 9, or are, by reason of special circumstances, inapplicable.

14. All beams, rafters, doors and other woodwork in every factory shall be painted or varnished at least once in six years and shall be kept in a cleanly state.

15. The manager of every factory not exempted under clause (2) of rule 13 shall keep a register showing the dates on which the different parts of the factory are limewashed, painted or varnished.

16. (1) No manager of a factory shall cause or allow any rubbish, filth or *débris* to be accumulated or to remain, on any premises over which he has effective control, of such a nature or in such a manner that effluvia therefrom can arise within the factory.

(2) All latrines and urinals within a factory shall be kept in a sanitary state.

Standards of space.

17. (1) In every factory there shall be provided for each person employed at one time in any room a breathing space of at least 500 cubic feet in area. For the purpose of this calculation no height above 15 feet from the floor of such room shall be taken into consideration.

(2) The manager of every factory shall maintain a register showing the measurement and cubical contents of each room in the factory, the area of the floor-space in each room occupied by machinery or other fixtures, and the area provided for ventilating openings.

Latrine accommodation.

18. (1) Every textile factory which is provided with hand-service latrines only and which has not been exempted under the proviso to section 13 shall be provided with latrine accommodation in a place detached from the other factory buildings and on the following scale, viz :—

Where the number of persons employed at one time does not exceed 50	3 seats.
Where the number of persons employed at one time exceeds 50 but does not exceed 150 ...	4 „
Where the number of persons employed at one time exceeds 150 but does not exceed 300 ...	5 „
Where the number of persons employed at one time exceeds 300	1 seat for every 70 or fraction of 70.

(2) (*i*) If females are employed in such a factory separate latrines screened off from those for males and marked in the vernacular in conspicuous letters "For females only" shall be provided.

(*ii*) Those for males shall be similarly marked "For men only."

(3) Such reduction in the above scale as may be approved by the Inspector, subject to the orders of the Local Government, may be made in the case of non-textile factories.

19. (1) The following rules shall be observed by the occupier or Manager of any factory in which septic tank latrines have been installed :—

(*i*) A duly qualified person shall be appointed to have charge, and to supervise the working, of such installation. For the purpose of this rule the Engineer or Manager of a factory or a supervisor of the firm which erected the septic tank may be deemed to be a duly qualified person.

(*ii*) A sweeper shall be placed in charge of each installation.

(*iii*) The floor and steps of a latrine while in use shall be kept washed and clean.

(*iv*) Every part of the mechanical arrangements connected with the flushing of the septic tank shall be kept in thorough working order.

(*v*) A supply of water shall be provided for flushing purposes, at the rate of at least three gallons for each person using the existing latrine, or, in the case of latrines installed after these rules come into force, at the rate of four gallons for each such person.

(*vi*) A notice-board shall be affixed to each latrine, showing the maximum number of persons for whom it is designed; and automatic recording turnstiles shall be provided, and arrangements shall be made to ensure that the number of persons admitted to a latrine through a turnstile does not at any time exceed the number shown on the said notice-board.

(*vii*) The overworking of a latrine or the working of a latrine in such a manner as to cause the effluent to suffer in quality is strictly prohibited.

(*viii*) The effluent from a septic tank latrine installation shall not be discharged into any river unless—

(*a*) it is clear, free from fœcal odour and non-putrescible, and nitrification has definitely commenced, and

(*b*) it has been sterilized by the addition to each gallon of five grains of fresh chlorinated lime.

(*ix*) Chlorinated lime for the purpose of such sterilization shall be kept in an iron receptacle provided with a close-fitting lid in a cool and dry godown.

(*x*) A daily register of the number of users of each latrine shall be carefully maintained.

(*xi*) If females are employed in such a factory, separate septic tank latrines screened off from those for males and marked in the vernacular in conspicuous letters "for females only" shall be provided. Those for males should be similarly marked "for men only."

(2) An Inspector of septic tank latrine installations may inspect such installations or any part thereof at any reasonable time, and may take samples of the effluent discharged therefrom.

(3) The inspection and supervision of the general working of the septic tank latrine shall remain in the hands of the Sanitary Commissioner, Bengal, and the Inspector of Septic Tank Latrine Installations. Inspectors of Factories may also inspect such latrines, but they shall confine their inspection and reports thereon to the general cleanliness of the installation.

Drinking water.

20. (1) In every factory a supply of water fit for drinking, consisting of at least as many gallons *per diem* as there are persons employed in the factory, shall be provided.

(2) Such supply shall be derived either from a public or private supply of efficiently filtered drinking water, or from one or more wells or specially reserved tanks so situated as not to be polluted or contaminated by organic matter or other impurities.

(3) Proper arrangements shall be made for maintaining in a drained and cleanly condition the area round the place where the water is distributed.

(4) The water shall be supplied to the persons employed in the factory free of cost.

(5) A tap or taps connected with any public water works from which a sufficient quantity of water can at all times be drawn as required shall be deemed a sufficient supply for the purpose of this rule.

(6) In the case of an intermittent public water supply, each factory shall be provided with a storage of water of not less than one gallon per head of operatives employed.

Fencing.

21. (1) In every factory in which machinery is used, every ring-throstle-frame, flyer-throstle-frame and doubling frame, the tin-rollers of which revolve in the usual direction, *i.e.*, in such a manner as to draw upwards between them any object coming into contact with them from beneath, shall be guarded in the following manner:—

(*i*) A guard or guards shall be permanently fixed along the whole length of each side of every such frame, and not further under the frame than the centre of each leg of the spring pieces. Such guards shall be so fixed as not to be removable without the use of tools.

(*ii*) Such guards shall be constructed of one or more stout horizontal iron bars or sheets or wooden planks, so placed that the clear vertical space between any two of them, or between the topmost and the spindle-rail or between the lowest and the floor shall in no case exceed 7 inches. If iron bars are used a sufficient number of uprights shall be provided, so as to render the bars rigid enough to resist deflexion.

(*iii*) Whenever, under the tail end of any such frame, there is a clear space exceeding 8 inches from the floor, a similar guard shall similarly be fixed across such end.

(*iv*) Every such frame which may hereafter be erected or re-erected in any factory shall be guarded in the above manner before being brought into use.

(2) Every jute softener in a factory shall be fitted with an efficient automatic stop gear; and the said gear shall be kept constantly in working order.

22. The following rules for the protection from danger of persons employed in attending to machinery in motion shall be observed in every factory :—

(*i*) Every person who goes up to replace a belt or to oil bearings of shafts shall wear a loin cloth or tight trousers, and shall not wear any loose clothing which is liable to be caught in the machinery.

(*ii*) Experienced men and those specially trained for the work shall alone be allowed to replace fast running belts.

(*iii*) All ladders used in replacing belts shall be specially made and reserved for that work, and shall be provided with hooks and spurs.

(*iv*) As far as possible all important pulleys shall be provided with belt-hangers :

Provided that, when the main belts of any machinery have to be adjusted, the machinery shall be stopped and shall not be set in motion again until such belts have been completely adjusted.

Notice of accidents.

23. (1) In every factory notice of accidents under section 34 resulting in death, or causing such severe injury that there is no reasonable hope that the injured person will be able to return to work within 48 hours, shall be sent by the manager within five hours of the occurrence—

(*a*) to the Inspector notified for any area as the person to whom notices are to be sent; and

(*b*) to the District Magistrate or, if such Magistrate by general order so directs, to the Subdivisional Officer.

(2) In case of any accident resulting in death, notice shall also be sent by the manager within the said time to the officer in charge of the police-station within the local limits of which the factory is situated.

(3) If the notice is sent by special messenger, it shall be in Form D in the Schedule annexed to these rules, and if it is sent by telegraph or telephone, it shall be confirmed by a written report in that form.

24. In every factory notice of accidents less serious than those referred to in rule 23, but which nevertheless prevent the injured person from returning to work within 48 hours of the occurrence, shall be sent by post, within twenty-four hours from the expiry of that time, to the authorities mentioned in clauses (*a*) and (*b*) of sub-rule (1) of rule 23 in Form D in the Schedule annexed to these rules.

25. In every factory where children are employed, there shall be correctly kept up to date and written afresh from 1st January in each year a Register of Children in Form E in the Schedule attached to these rules.

26. In every factory the muster roll shall, in the case of every woman and child, show the time of beginning and ending of each period of employment during the day, and opposite the name of each child shall be recorded his number in the prescribed Register of Children.

27. In every factory where a child, when at work, wears, instead of his certificate, a token giving reference to the same, such token shall have stamped upon it the certificate number of the child as given in the prescribed Register of Children. The token shall be hung round the neck of the child.

28. In order to enable the Inspector to see that the provisions of the Act in respect of weekly holidays are observed, the Manager of every factory, in which Sunday is not regularly observed as the weekly holiday, shall keep a register showing the dates, whether Sundays or week days, on which the factory or any department thereof has been closed.

Abstract of Act and rules.

29. (1) The abstract of the Act and of these rules required by section 36 shall follow—

(*a*) in every textile factory, Form F in the Schedule annexed to these rules, and

(*b*) in every other factory, the said Form F with such necessary alterations therein as may be approved by the Inspector.

(2) If the prescribed abstract becomes illegible or defaced, a fresh copy shall be substituted.

Procedure in appeals.

30. (1) An appeal presented under section 50 shall be in the form of a memorandum setting forth concisely the grounds of objection to the order and bearing a Court-fee stamp in accordance with article 11 of Schedule II of the Court-fees Act, shall be

accompanied by a copy of the order appealed against and shall lie to the following authority, namely :—

(*a*) In the metropolitan area, *i.e.*, the Burdwan and Presidency Divisions, to a Board consisting of—

(*i*) the Commissioner of the Division;
(*ii*) the Civil Surgeon of the district; and
(*iii*) a nominee for a year at a time of the Bengal Chamber of Commerce.

(*b*) In any other Division, the Commissioner of the Division:

Provided that, in either case, the appellate authority may, if requested by an appellant to apply the provisions of section 50, sub-section (3), hear the appeal with the aid of two assessors appointed by such authority.

(2) On receipt of the prescribed memorandum of appeal, the appellate authority shall, if it thinks fit, or if the appellant has requested that the provisions of section 50, sub-section (2), may be applied, call upon the body, if any, declared to be the representative of the industry concerned within the meaning of sub-section (3) of section 50 of the Act, to appoint an assessor within a period of 14 days. If an assessor is nominated by such body, the appellate authority shall itself appoint a second assessor. It shall then fix a date for the hearing of the appeal, and shall give due notice of such date to the appellant and to the Inspector against whose order the appeal has been preferred, and shall call upon the two assessors to appear on such date to assist in the hearing of the appeal.

(3) An assessor appointed in accordance with the provisions of sub-rule (2) shall receive a fee of Rs. 32 for the hearing of the appeal. The fee shall be paid by Government, but where assessors have been appointed at the request of the appellant, and the appeal has been decided wholly or partly against him, the appellate authority may direct that the fees of the assessors shall be paid in whole or in part by such appellant.

Manner of service of notices.

31. Notices and orders under the Act or under these rules shall either be served personally upon the occupiers or managers of factories, or shall be sent to them by post under registered cover.

Copies of abstract whence to be obtained.

32. Copies of the prescribed abstract of the Act and of rules thereunder can be obtained in the English, Bengali and Hindi languages from the Inspector notified under sub-section (5) of section 4 as the Inspector to whom notices are to be sent at the price of four annas each.

Copies of Act and rules whence to be obtained.

33. Copies of the Act and of these rules can be obtained from the Bengal Secretariat Book Depôt either in English, in Bengali or in Hindi at the price of 7 annas and 6 pies and 5 annas each respectively.

34. The periodical Return A prescribed by the Government of India by notification under section 38 shall be submitted by occupiers of factories to the Inspector of Factories by the 15th January of each year.

ABSTRACT OF THE INDIAN FACTORIES' ACT AND RULES, 1911.

[*This Abstract, with a translation thereof in the vernacular of the district in which the factory is situated, shall be posted in the factory where it can be easily read; and, if defaced, a fresh copy must be purchased.*]

DEFINITIONS.

"Employed" means any person who works in a factory, whether for wages or not, including contractors' men, women or children.

"Child" means a person under the age of 14 years. "Woman" means a female over 14 years of age.

"Factory" means any premises worked by some motive power and in which not less than 19 persons are simultaneously employed in any manual labour on any day during the year.

"Occupier" includes a Managing Agent or other person authorised to represent the occupier.

"System of shifts" means a system of relays in which the time of the beginning and ending of the period or periods of the employment of each person is fixed for each relay.

SANITARY PROVISIONS.

Every factory shall be provided with sufficient and suitable latrine accommodation which shall be kept in a sanitary state. The accommodation for male and female operatives shall be separate.

Every factory shall be kept in a clean state and free from effluvia arising from any drain, privy, or other nuisance. All refuse likely to be injurious to health shall be removed with as little delay as possible.

Every factory shall be ventilated in such manner as to render harmless, as far as practicable, any gases, vapours, dust, or other impurities generated in the course of the work carried on therein that may be injurious to health.

In case of injurious dust, inspectors may require fans to be used:

All the inside walls of the rooms of a factory in which manufacturing processes are carried on and all the ceilings or tops of such rooms, and all the passages and staircases, shall be limewashed at least once in two years, dating from the time of last limewashing.

All the beams, rafters, doors and other wood-work in every factory shall be painted or varnished once in six years, and shall be kept in a cleanly state.

A factory shall not be so overcrowded while work is carried on therein as to be dangerous or injurious to the health of the persons employed therein.

In every factory there shall be maintained a sufficient and suitable supply of water fit for drinking and for the use of the persons employed in the factory. A tap or taps connected with any public water-works, from which a sufficient quantity of water can at all times be drawn as required, shall be deemed a sufficient supply for the purpose of this rule. Rule 19 (5) of the rules must be observed for septic tank latrines.

SAFETY.

Every hoist or teagle, lift, and every fly-wheel, whether driven by steam gas, oil, electricity or other motive power, is to be securely fenced.

All parts of mill-gearing, belting and all dangerous parts of machinery are either to be securely fenced or to be in such a position or of such construction as to be equally safe to every person as they would be if securely fenced.

No woman or child shall be allowed to clean any part of the mill gearing or machinery of a factory while the same is in motion.

Any machinery or part thereof which is required to be protected by a fence or guard shall be stopped before the fence or guard is removed except where the machinery is under repair or is under examination in connection with repair or is necessarily exposed for the purpose of cleaning or lubricating or for altering the gearing or arrangements of the parts of the machinery.

ACCIDENTS.

Notice of accidents resulting in death, or causing such severe injury that there is no reasonable hope that the injured person will be able to return to work within 48 hours, shall be sent (by telegraph, telephone or special messenger) within five hours of the occurrence. Notice of accidents less serious than those referred to above but which nevertheless prevent the injured person from returning to work within 48 hours of the occurrence shall be sent by post within 24 hours of the expiry of that time. Such notice shall be sent to the Inspector notified for any area as the person to whom notices are to be sent and also to the District Magistrate, or if any general order so directs the Subdivisional Officer within whose jurisdiction the factory is situated. Notice of fatal injuries shall at the same time be given at the nearest police-station as required by section 45, Criminal Procedure Code. If the notice is sent by special messenger, it shall be in Form D; and if sent by telegraph or telephone, it shall be confirmed by a written report in that form.

EMPLOYMENT AND MEAL HOURS.

In every factory there shall be fixed for each working day at intervals not exceeding six hours, periods of rest of not less than half an hour, dividing the working hours in all factories where a system of shifts is not in force; and the time of commencing work, interval and closing shall be entered in

Form G, annexed hereto. When a shift system is in operation, the working hours and interval or intervals of rest for each shift shall likewise be entered in Form G, annexed hereto, or in such other form as may be approved by the Inspector. Every such form shall be signed by the manager.

No person shall be employed in any textile factory for more than 12 hours in any one day.

No person shall work before 5-30 A.M., or after 7 P.M., in any textile factory.

WOMEN AND CHILDREN.

No child under 9 years of age shall be employed.

No child under 14 years of age shall be employed for more than seven hours a day in non-textile factories, or six hours a day in textile factories.

No child or woman shall be employed before 5-30 A.M., or after 7 P.M.

No woman shall be employed for more than 11 hours.

Every occupier of a factory shall keep accurate up to date the register of children in Form E (*see* rules issued under the Act), and no such register shall be destroyed or removed from the factory.

No child shall be employed unless he is in possession of a certificate of age and fitness signed by the Civil or Certifying Surgeon. This certificate must be carried by the child when at work or a token giving references to such certificate.

SUNDAY WORKING.

No work shall be done in any factory on a Sunday, except in accordance with the provisions laid down in section 22.

A list of the holidays that will be observed during each month, giving dates, must be submitted to the Chief Inspector of Factories at the commencement of each month.

No. 2042P.D.—The 21st June 1912.—In exercise of the power conferred by section 3 of the Bengal Motor-car and Cycle Act, 1903 (Bengal Act III of 1903), the Governor in Council is pleased to direct that the following rules be inserted in the rules for regulating the use of motor-cabs in the town and suburbs of Calcutta and the town of Howrah, published with Notification No. 2125J., dated the 20th September 1910, at pages 1306 to 1310 of Part I of the *Calcutta Gazette* of the 21st *idem* —

24-Parganas. Calcutta. Howrah.

(8*a*) Every taximeter referred to in rule 8 shall, after it is affixed to a motor-cab, whether for the first time or after repair or other readjustment, be submitted to the Commissioner of Police, or to such officer as he may empower in this behalf, for the purpose of being examined as to correctness of fittings, and being given a practical road test over a measured distance of one mile and a time-test of not less than half an hour. If found to be correct, the taximeter and its fittings shall then be sealed to the motor-cab in such a manner that it cannot be removed or tampered with without the seals being broken or removed.

(8 *b*) Every taximeter shall, at the end of each period of six months (the first of such periods commencing from the date of the test referred to in the last preceding rule), be submitted to a similar test:

Provided that every taximeter shall, at any time, if so required by the Commissioner of Police, be submitted to him or to such officer as he may empower in this behalf, for the purpose of undergoing such test or any portion thereof.

(8 *c*) The owner of every motor-cab shall cause to be kept in the cab for the inspection of the public, a register in which the testing officer referred to in rule (8 *a*) shall, after each of the tests contemplated in the preceding rules, enter the date and result of such test.

(8 *d*) Every motor-cab shall be provided with a light so placed as to illuminate the taximeter at night.

(13 *a*) Every motor-cab shall be capable of being readily steered, and able to turn on each lock and to proceed in a contrary direction within a roadway not more that 30 feet wide from kerb to kerb:

Provided that the Commissioner of Police may, in his discretion, grant a certificate of registration as a motor-cab to a motor-car intended for use as a motor-cab, if such car is capable of turning within a reasonable space over and above the 30 feet above prescribed.

(14*a*) In every motor-cab the machinery shall be so constructed that no undue noise or vibration is caused and shall be maintained in such condition at all times.

(14*b*) In any motor-cab carburettors must not be placed in close proximity to magnetos or to connections of wires carrying an electric current unless such magnetos and wire connections are respectively screened off or encased in a suitable manner.

(16*a*) Effective means shall be provided in every motor-cab for preventing the heat of the motor or of the exhaust pipe connections from injuriously affecting other parts of the cab or interfering with the comfort of passengers. All wires carrying an electric current must be properly insulated and protected from injury, and so placed that they cannot be a source of danger.

(16*b*) In any motor-cab the outlet from the silencer shall not be so placed as to project the exhaust directly on to the road, or so placed or directed as to alarm horses that may be immediately behind the cab.

(18*a*) Every motor-cab shall be provided with adequate means for the conveyance of a reasonable quantity of luggage and with a sufficient number of chains, straps, or other means of securing such luggage. No luggage shall be carried on the roof of the cab unless there has been affixed thereto a guard rail of a type approved by the Commissioner of Police or by such officer as he may empower in this behalf.

(19*a*) No celluloid or zylonite fittings shall be placed inside or outside any motor-cab:

Provided that this rule shall not apply to the inside of the accumulators contained in such cab.

(20*a*) The cushions of the seats in every motor-cab shall be covered and stuffed with suitable material to be approved by the Commissioner of Police or by such officer as he may empower in this behalf.

C. J. STEVENSON-MOORE,
Chief Secy. to the Govt. of Bengal.

THE following draft of rules which the Commissioner of Police intends to make under clause (*a*) of section 62 of the Calcutta Police Act, 1866 (Bengal Act IV of 1866), with the previous sanction of the Governor in Council, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 1st September 1912, and any objection or suggestion received by the undersigned before that date will be duly considered.

DRAFT.

Rules for the licensing and controlling of persons offering themselves for employment at the Kidderpore Docks for the carriage of passengers' baggage.

1. No person shall offer himself for employment as a public coolie for the carriage of passengers' baggage at the Kidderpore Docks unless he holds a license in that behalf previously obtained from the Commissioner of Police:

Provided that the granting or the renewal of any such license to any person shall be in the absolute discretion of the Commissioner of Police.

2. Every person applying for a license under these rules shall, in the first instance, satisfy the Commissioner of Police as to the applicant's good character and behaviour, and every license granted under these rules may be suspended or revoked at the discretion of the Commissioner of Police if the licensee does not maintain his good character and behaviour during the period for which the license is in force.

3. Every person who holds a license granted under these rules shall wear a badge of the prescribed pattern on his right arm during such time as he shall offer himself for employment at the Kidderpore Docks for the carriage of baggage. Such badge together with the license shall be supplied to the licensee by the Commissioner of Police on deposit of the sum of Re. 1:

Provided that the licensee may, on returning the badge, withdraw such deposit.

4. The prescribed badge shall not be transferable, and subject to the provisions of rule 8 shall not be worn by any person not holding a license granted under these rules.

5. (*1*) Every person licensed under these rules shall be paid according to the following scales of charges :—

At the Kidderpore Docks.

( ) Scale of charges for the carriage of passengers' baggage, including charges for loading and unloading the same when such work is performed in conjunction with the actual carriage of the baggage :—

	Per coolie load.
(*i*) For any distance up to 100 yards	1 anna.
(*ii*) For any distance over 100 yards not exceeding ¼th of a mile	1½ „
(*iii*) For any distance over ¼th of a mile not exceeding ½ mile	2 annas.
(*iv*) For every ½ mile or portion thereof, after the first ½ mile	2 „

(*b*) Scale of charges for loading and unloading passengers' baggage when such work is not performed immediately in conjunction with the actual carriage thereof :—

	Per coolie load.
(*i*) For loading on to or unloading from a bullock-cart (irrespective of the weight of the baggage)	1½ anna.
(*ii*) For loading on to or unloading from any other vehicle (irrespective of the weight of the baggage)	1 „

N.B.—A coolie load is one maund (eighty pounds) approximately.

(*2*) No such person shall demand a higher charge for his employment than is prescribed in either of the above scales.

6. (*1*) No license granted under these rules shall be transferable.

(*2*) Every such license shall on the death of the licensee be deemed to be revoked, and shall on the suspension or revocation thereof be returned at once together with the badge referred to in rule 3, to the Head Police Office in Calcutta.

7. Every license granted under these rules shall be valid only till the termination of the calendar year in which the license was granted.

8. Notwithstanding anything contained in these rules, any person licensed under these rules who has applied to the Commissioner of Police for a renewal of his license and has been permitted in writing to retain and wear his badge between the date of the expiry of his license and the date of the renewal thereof, may offer himself for employment as a licensed coolie under these rules during the period between such dates.

9. No person licensed under these rules who is present, wearing his badge, at the Kidderpore Docks shall refuse employment by any passenger who may demand his services as a coolie under these rules, unless such person has already been engaged by another passenger.

10. Every dispute which arises between a passenger and a licensed coolie as to any matter provided for in these rules or as to the weight of baggage shall be decided by any European Police Officer present, or if there be no European Police Officer present, then by the senior Police Officer present on the spot :

Provided that the matter in dispute may, at the option of the passenger concerned, be referred to the nearest police-station where it shall be decided by the senior Police Officer present, whose decision shall be final.

11. Any firm which carries on the business of landing, forwarding or export Agents and of clearing, delivering, shipping and forwarding passengers' baggage as part of such business, and which has the exclusive use of any landing stage, quay or wharf shall be held responsible for the licensing and general behaviour of its employés working as coolies at such landing stage, quay or wharf. Such firm shall, when called upon to do so, submit to the Commissioner of Police a list of such employés together with all information regarding their licensing, dismissal, discharge or death.

A. G. HALLIFAX, *Commissioner.*

COMMR.'S OFFICE, BURDWAN DIVN., CHINSURA, *the 19th June 1912.*

BYE-LAWS ADOPTED BY THE DISTRICT BOARD OF MIDNAPORE UNDER SECTIONS 139 AND 140 OF THE BENGAL LOCAL SELF-GOVERNMENT ACT OF 1885 (BEN. ACT III OF 1885) AT A SPECIAL MEETING OF THE BOARD HELD ON 29TH MARCH 1912.

Definitions.

1. In these bye-laws, unless there is anything repugnant in the subject or context,—

Definitions.

(*1*) the word "cattle" has the same meaning as in the Cattle-trespass Act, 1871;

I of 1871.

(*2*) "reserved tank or well" means a tank or well which the District Board has set apart under section 90 of the Bengal Local Self-Government Act of 1885, by public notice, for the supply of water for drinking and for culinary purposes, and includes any reservoir, or part of any river, *khal* or other channel, so set apart and any tank or well on which District Fund money has been spent under section 79 of the Local Self-Government Act; and a notice-board on the edge of a reserved tank or well, containing the words "reserved tank" or "reserved well," or words to that effect, shall be deemed to be sufficient notice for the purpose of this definition; and

Bengal Act III of 1885.

(*3*) the "slopes" of a reserved tank or well include all places from which water can flow directly into such tank or well; and

(*4*) "road" means a road vested in, or under the control and administration of, the District Board or a Local Board; and includes—

(*a*) a village road;

(*b*) the slope, berm, borrow-pits and side-drains of a road; and

(*c*) all land vested in, or under the control and administration of, the District Board or a Local Board, and attached to a road.

Roads, Drains, Bridges, Canals and Embankments.

Encroachment or obstruction on a road.

2. (*1*) No person shall encroach on any part of a road by cultivating crops thereon.

(*2*) No person shall, on any road,

by means of any building, fence, pit, embankment or ditch, or any other obstruction, or by means of any cut, drain or water-course intended for the purpose of drainage or irrigation, or by exposing thereon any goods for sale or by placing thereon any substance or material,—

(*a*) without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, make or cause any encroachment, or

(*b*) obstruct traffic, or

(*c*) cause any inconvenience to passengers, or

(*d*) hinder or impede the flow of water.

Sale, collecting or gathering of articles in vicinity of road.

3. No person shall expose or place any article for sale in any bazar or market in the vicinity of any road, or collect or gather any articles in the vicinity of a road, so as to interfere with the traffic of the road.

Cutting of plants, trees or hedges obstructing road or drain

4. Any person in possession of, or having control over, any plants, trees or hedges which obstruct, overhang or overshadow any road, or any public drain or sluice, or any drain which is connected with a public drain, shall, if so required by notice in writing, signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, cut down, prune or trim such plants, trees or hedges, within the period and in the manner prescribed in such notice.

Damage to bridges, culverts or causeways on road

5. (*1*) No person shall destroy or damage, or cause to be destroyed or damaged, any bridge, culvert or causeway built on or across any road.

(*2*) No person shall erect any fence or other object on, or before or close to the opening of, any such bridge, culvert or causeway, for the purpose of fishing or for any other purpose, so as to impede the free flow of water thereunder, or so as to cause damage thereto.

(*3*) No person shall cast nets for fishing purposes from any parapet of any such bridge or culvert.

6. No person shall—

Damage to fences, posts, soil, turf or grass on road

(*a*) destroy or damage, or cause to be destroyed or damaged, any fence or post erected on any road; or

(*b*) dig, scrape, uproot or remove any soil, turf or grass from any part of a road.

Channel across road

7. (*1*) No person shall cut a channel, or convey water by a channel, across a road, except with the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, and in such manner as he may prescribe.

(*2*) Any person who has been permitted by the Chairman or Vice-man of the District Board or a Local Board, or by the District Engineer, to cut a channel across a road, shall, at the time prescribed by him, cover or refill the channel so as to restore the road to its former condition.

(*3*) Any person who has a prescriptive right to keep a channel open for carrying water across a road shall keep the channel in proper order, so as to prevent danger or inconvenience to the public.

Obstruction of waterway adjoining road

8. No person shall obstruct any waterway adjoining a road, so as to injure or tend to injure the road or otherwise to render the road impassable.

Excavations on or near road

9. (*1*) No person shall make any excavation on any road, or any hole, pit, tank or well within fifteen feet of any road without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board or the District Engineer.

(*2*) Every person by whom, or by whose direction, any hole, pit, tank or well has been excavated within fifteen feet of a road shall be bound to take such order therewith as will prevent damage to, or erosion of, the road.

Protection of excavations on or near road

10. The owner or occupier of any tank, well, or other excavation on or near the side of any road shall be bound to fence in or duly protect such excavation in such manner as may be directed by notice signed by the Chairman or Vice-Chairman of the District Board or a Local Board.

Use of roads, bridges, culverts or canals while closed to traffic

11. No person shall pass over, or drive any animal or vehicle over, any road, bridge, culvert or canal, so as to injure the same, while it is under construction or repair or is affected by flood or is otherwise rendered unfit for traffic and is closed to traffic under the orders of the Chairman of the District Board or a Local Board, or (in emergent cases pending application to such Chairman) of the District Engineer.

Discharge of rainfall from roof to road.

12. No person shall, without the permission of the Chairman or Vice-Chairman of the District Board or a Local Board, or the District Engineer, allow the rainfall from the roof of any building owned or occupied by him to be discharged upon any road by means of a spout or other thing intended for the conveyance of water.

Flow of filth on to road

13. No person shall allow the water of any privy, or any matter offensive or deleterious to health, to flow on any road.

Removal of trees or erections falling on to road.

14. Any person owning or possessing a tree or a house, wall or other erection which has fallen, or part of which has fallen, on to a road, shall, if so required by notice in writing signed by the Chairman or Vice-Chairman of the District Board or a Local Board, or by the District Engineer, remove such tree, house, wall, erection or part, within the period prescribed in such notice.

Curing hides on or near road

15. No person shall cure hides on or near any road.

Slaughter of animals, cleaning of carcasses, etc, on or near road

16. No person shall slaughter any animal, or clean any carcasses, or collect bones on or near any road.

SCHEDULE II.

Scheme of the administration of the Trust.

1. The Endowment hereby created shall be called the "Edward VII Memorial Fund, Nadia" and shall be administered by the District Magistrate of Nadia for the time being (hereinafter referred to as the District Magistrate).

2. The Endowment is created with a view to improving the water-supply of the district of Nadia.

3. The Treasurer of Charitable Endowments for the territories subject to the Government of Bengal shall collect the interest of the Fund for the time being held by him for the purpose of this scheme and shall pay the same when collected to the District Magistrate as administrator of the Fund.

4. The income received under clause 3 hereof shall be made over by the District Magistrate to the District Board, Nadia, which shall apply it (*a* in the acquisition of land for the construction of wells or tanks for the use of the public; (*b*) in the sinking of new public wells or excavation of new public tanks on land so acquired or which belongs to the District Board, Nadia, or to any Municipality in Nadia district or which may be given absolutely to the District Board, Nadia, or to any Municipality in Nadia district by private proprietors for this purpose; (*c*) in the repair of existing wells or re-excavation of existing tanks which are the property of the District Board of Nadia or of any Municipality in Nadia district or which may be given absolutely to the District Board, Nadia, or to any Municipality in Nadia district by private proprietors for the use of the public or which may be acquired by the District Board, Nadia, or by any Municipality in Nadia district.

The designs of wells and tanks constructed or repaired under this scheme shall be approved in each case by the District Board. The wells and tanks when constructed shall be the property of the District Board, or if constructed within the limits of any Municipality, they shall be the property of the Municipality within the limits of which they are constructed.

5. The allotment of the income of the Fund for the execution of works under clause 4 hereof shall be made by the District Board, Nadia, in the month of November every year or at such other time or times as may be directed by the District Magistrate.

6. The District Board shall cause to be affixed to each well or tank constructed or improved under this scheme a tablet bearing the following inscription:—"Edward VII Memorial Well" or ("Edward VII Memorial Tank)" both in English and Bengali. The cost of providing such tablets shall be paid by the District Board out of the said income.

7. The District Board, Nadia, may, with the approval of the District Magistrate, frame such rules as it thinks necessary for the regulation of the use by the public of the wells or tanks constructed or repaired or re-excavated under clause 4.

8. Accounts shall be kept by the District Board of all sums received and expended as aforesaid which accounts shall be at all times open to the inspection of the District Magistrate and shall be submitted to him annually in the month of March in every year and shall be vouched as he may require.

9. In the event of there being any surplus income in any year the same may either be returned to the Treasurer of Charitable Endowments to be accumulated for expenditure in any future year or years (but not in any case to be accumulated for more than three years) or may forthwith be expended on additional improvements to the said water-supply, such as provision of implements or appliances for raising or drawing water from tanks or wells or facilities for transport of water or the like as may be decided by the District Board of Nadia with the approval of the District Magistrate. In case of difference of opinion between them the question in dispute shall be decided by the Commissioner of the Presidency Division.

The question whether in any year any new wells or tanks or any repairs are necessary or desirable shall be decided in like manner.

CORPORATION OF CALCUTTA.

NOTICE.

CLAUSES 37 and 38 of the bye-laws under section 559 (34) of the Calcutta Municipal Act regulating the use of Municipal Slaughter-houses which were sanctioned by the Local Government in 1903 and are at present in force read as follows :—

Existing clause 37.—All animals brought to a slaughter-house and which are not intended for immediate slaughter shall be kept in pens attached to the slaughter-house until such time as they are required and permitted to be slaughtered, but no animal shall be so kept for more than 48 hours or such shorter period as may be necessary, subject to the provisions of bye-law No. 11 for the purpose of preparing such cattle by fasting or otherwise for the process of slaughtering.

Existing clause 38.—The owner of an animal kept in any pen for any purpose shall bear all charges for its keep, and he shall be allowed to feed it and to employ his own servants, if necessary, for that purpose, and shall obey all orders and directions given by the Superintendent.

The General Committee propose to amend these two clauses to read as follows :—

Proposed clause 37.—All animals brought to a slaughter-house which are not intended for immediate slaughtering shall be kept in special pens attached to the slaughter-house until such time as they are required and permitted to be slaughtered.

Proposed clause 38.—If the owner does not water and feed the animals the Superintendent shall do so and shall realise a charge of four annas per day per head before he permits the animals to be slaughtered. No animal shall be kept and fed by the Superintendent for more than ten days and it shall be lawful for the Superintendent to sell the animal by public auction if the charges accrued be not paid on demand and to apply the sale-proceeds towards payment of costs and expenses of the sale and the charges as aforesaid, and the surplus, if any, shall be paid to the person entitled thereto on a proper receipt therefor.

Notice of the proposed amendments is given in accordance with the provisions of section 565 of the Calcutta Municipal Act. This is in supersession of the notice, dated the 20th October 1911, already published giving intimation of the proposed amendment of clauses 37 and 38.

Objections, if any, to the amendments now proposed will be received up to Friday, the 26th July 1912, after which date the General Committee will proceed further with the draft.

NOTICE.

THE GOVERNMENT COMMERCIAL INSTITUTE,

SESSION 1912-13,

303, Bowbazar Street, Calcutta.

The Day Course.

THERE are two day classes—a first-year class and a second-year class. For the students of these classes the following course of study is prescribed :—

(1) Modern English, and especially English Correspondence, including Commercial Correspondence, Letter-drafting and Précis-writing.
(2) Arithmetic, including Commercial and Mental Arithmetic.
(3) One of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin.
(4) One of the following subjects, namely, Book-keeping, Shorthand writing or Type-writing.
(5) Commercial Geography.

Arrangements are made to enable those students who may wish to do so to study two or all of the following subjects, namely, Book-keeping, Shorthand-writing or Type-writing.

The students pay an admission fee of Rs. 3. The monthly tuition fee is Rs. 3. The text-books which the students have to buy cost about Rs. 16.

The classes are held between 11 A.M. and 3 P.M., except on Saturdays, when they are held between 11 A.M. and 2 P.M. Students of type-writing are allowed to stay later for extra practice.

Candidates who have passed the "C" class examination of high schools or the Entrance examination are eligible for admission. Others are admitted, provided they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the teaching.

The Evening Course.

There are at present evening classes for the following subjects :—

Shorthand-writing, Type-writing and Book-keeping (elementary and advanced). If classes can be formed, arrangements will be made for the delivery of lectures on Political Economy, Annuities and Insurance, Banking and Currency, Mercantile Law and Modern English.

A student may be a member of one or more classes at his option.

The students of the Banking and Currency class will study the Mechanism of Banking, Instruments of Credit, Banking Investments, Bank Book-keeping, the Bank Charter Act, the Foreign Exchanges, Currency and Coinage and the Indian Currency System.

The students of the Shorthand-writing class will practise Reporting.

The Type-writing class will be divided into three groups. The students of the first group will be taught the "touch" system and, when they have learned it, they will practise speed. This group will work daily from 4 to 6. The students of the other two groups will already have learned the "touch" system. They will work daily from 6 to 7 and from 7 to 8.

The students of the Elementary Book-keeping class will be taught how to keep the Invoice and Day-books, the Bill-books and the Cash-book, the Journal and the Ledger. They will be taught to record transactions in connection with consignments, outwards and inwards, to close the books and to prepare Trading and Profit and Loss Accounts and Balance sheets.

The students of the Advanced Book-keeping class will be taught to keep the accounts of "joint adventures," of limited liability companies, banks and manufacturing concerns, of railways, gas and water companies. They will be taught the different ways of recording capital, debenture loans and reserve funds; to keep departmental ledgers and branch accounts, and to

incorporate them in head office books; and to prepare Trading and Profit and Loss Accounts and Balance Sheets.

The students of the Banking and Currency, Political Economy, Annuities and Insurance, Mercantile Law and Modern English classes pay fees according to the number of lectures delivered. The fee for each of the Shorthand and Type-writing classes is Rs. 12, payable in four instalments of Rs. 3 each, for the term July to November, and Rs. 16, payable in four instalments of Rs. 4 each, for the term December to mid-April. The fee for the Elementary Book-keeping class is Rs. 24, payable in eight instalments of Rs. 3 each; that of the other Book-keeping class is Rs. 32, payable in eight instalments of Rs. 4 each. A reduction of Re. 1 per instalment of each of the two fees payable by a student who is a member simultaneously of two of the classes will be granted, and the same reduction is granted per instalment of each of the three fees payable by a student who is a member simultaneously of three of the classes.

Prizes.

First and second prizes of Rs. 50 and Rs. 25, respectively, are offered by the Bengal Chamber of Commerce for competition by the students of the evening classes in each of the following subjects:—

Modern English, Shorthand, Book-keeping, Mercantile Law, Banking and Currency, Annuities and Insurance and Political Economy.

Certificates are granted to successful candidates in the Final and Special Examinations by the Education Department, Government of Bengal, and countersigned by the Secretary, Bengal Chamber of Commerce.

Successful candidates in the Final Examination are declared eligible by the Government to appear along with the Graduates and the Intermediates for the Bengal Government Secretariat Clerkship Examination, the syllabus for which is nearly identical with the syllabus prescribed for the Commercial Course Final Examination. Lists of successful students are circulated by the Bengal Chamber of Commerce to various firms and the steadily increasing demand for passed students now exceeds the supply.

The new session will open on the 2nd July 1912. Applications for admission will now be received. Prospectus may be had from the Principal.

G. K. SEN, *Offg. Principal.*

NOTICE.

THE College classes will reopen on the 3rd July after the summer vacation.

The College teaches up to the B.A. and B.Sc. Standards, with Honours in English, Philosophy, Sanskrit, Mathematics, Physics and Chemistry.

The tuition fee is Rs. 4 a month; the hostel charge is Rs. 7-4 a month. Detailed prospectus may be had on application to the College office.

NOTIFICATION.

THE half-yearly examination in the Art of Teaching for teachers of English subjects employed in Government and Aided schools in the Presidency Division will be held at the Bow Bazar High School at 85, Bow Bazar Street, Calcutta, on Monday, the 12th August 1912. The half-yearly examination for teachers of vernacular subjects will be held at the same school on Tuesday, the 13th idem.

1. Teachers who intend to present themselves at the examination are requested to send (at least fifteen days before the examination) a statement containing the following information, and should also bring with them their University or other certificates on the day of the examination :—

1. Name (in full).
2. Name of father (in full).
3. Name of native village and district.
4. Last University examination passed.
5. Year of passing.
6. Signature of the applicant.
7. Designation and full address.

2. (*a*) A practical examination in class-control, the candidate being required to keep a class of at least a dozen boys attentive and fully occupied throughout a lesson.

(*b*) A practical test of teaching ability, the candidate being required to give two lessons, on different subjects, viz., English, Bengali, History, Geography and Arithmetic, Euclid, Algebra, etc.

(*c*) An oral examination, in which the Inspector or other examiner will put some questions on the art of teaching, object-lessons, class management, organization and discipline. Some approved books on such subjects will, from time to time, be recommended by the Director of Public Instruction for the purpose of being read by candidates.

CALCUTTA,
The 13th June 1912.

P. MUKERJI,
Inspector of Schools, Presidency Division.

NOTIFICATION.

TEST EXAMINATION OF PRIVATE CANDIDATES FOR MATRICULATION EXAMINATION, 1913.

A TEST EXAMINATION of private students, who have not attended any school recognised or unrecognised for at least one year previous to the ensuing examination, will be held at the office of the Inspector of Schools, Presidency Division, 285, Bow Bazar Street, Calcutta, from Monday, the 2nd December 1912. Such candidates only as reside in any of the districts of the Presidency Division, including Calcutta, will be admitted to the examination. The term "Private Student" includes school-masters.

2. Candidates will be required to furnish satisfactory proof that they have not read in any school for one year. They should produce certificates of conduct and progress in studies from the authorities of the last school where they read, and also a certificate from other reliable authorities regarding conduct and progress in studies after leaving school. The transfer certificates granted to them by the authorities of the schools in which they studied last, or the Registrar's receipt for the fee paid in the case of those candidates who previously appeared at the Entrance or the Matriculation examination, must be submitted in original along with the application for permission to appear at the test examination. A statement of antecedents of the candidate should accompany his application. He should state whether he read in any unrecognised school, and if so, in what school and in what year. A student who failed to pass the annual examination for promotion to the first class at the end of session 1911-12 and then left the school will, under no circumstances, be allowed to appear at the Matriculation examination of 1913.

3. *Bonâ fide* teachers employed in any of the schools in the Presidency Division may be admitted to the examination; they must produce certificates of service and character from their employers or from the Deputy Inspector of Schools of the district concerned.

4. No one shall be admitted to the Matriculation examination unless he completes the age of sixteen years on the first day of the month in which the Matriculation examination is held.

5. Each candidate should submit to this office, not later than the 6th November 1912, his application for admission to the test examination, with the following particulars:—

(1) Age, (2) residence, (3) father's name, (4) whether he appeared at any previous Entrance or Matriculation examination, (5) second language besides English, (6) Vernacular language, and (7) which two of the following optional subjects he has taken up:—

(*a*) Additional Mathematics.

(*b*) Additional paper in the Classical language.

(*c*) History.

(*d*) Geography.

(*e*) Elementary Mechanics.

6. The admission-fee for the examination is Rs. 6 for each candidate, and is to be remitted with the application on or before the prescribed date, after which a fine of Rs. 2 is to be imposed for each week's delay. Under no circumstances the admission-fee will be refunded.

7. No private student will be admitted to the test examination unless he is satisfactorily identified.

8. Candidates who are sent up by this office must appear at the Calcutta Examination centre.

9. Those who reside at a distance from Calcutta may, with special permission, present themselves at the test examination held by the head master of the nearest zilla or Government high school within the Presidency Division on condition that they appear at the centre selected by the

candidates from that institution. The head master of such school is hereby authorized to sign the applications, which must afterwards be countersigned by the undersigned. The fees and fines paid by these candidates as per paragraph 6 above should be utilized in meeting the cost of the examination.

10. The Matriculation examination in 1913 will be held on the 3rd of March 1913 and following days.

11. Applications and fees for admission to the examination must reach the office of the Registrar on or before the 18th of January 1913.

12. *Programme of Examination—*

INTERMEDIATE AND B.A. EXAMINATIONS IN 1913.

Deputy Inspectors, Sub-Inspectors, and *bond fide* teachers of English schools in the Presidency Division who have been employed as such for at least three years preceding the examination will be admitted to the above examinations on production of certificates of character and length of service (with dates) from their employers. Laboratory Assistants and Demonstrators and Librarians of affiliated colleges will be treated as teachers. *Their applications must reach this office on or before the 4th December 1912:*

1. In accordance with section 9, Chapter XV, of the revised Regulations dealing with the registration of University students, all candidates, who intend to appear at any of the ensuing examinations of the University of Calcutta otherwise than as students of some affiliated institutions and who have applied for or have obtained the special permission of the Senate for the purpose, are required to apply to the Registrar of the Calcutta University for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Entrance or Matriculation. A registration fee of Rs. 2 must accompany every application.

2. Candidates for the B.A. examination must send their F.A. certificates, and candidates for the Intermediate examination their Entrance certificates, together with a letter, in original, from the Senate of the Calcutta University, permitting them to appear at the examination.

3. Candidates should carefully read the printed form of application and supply all the informations required by the University, including the Registrar's receipt in the case of those school-masters who were admitted to a previous examination of the same class.

4. The Intermediate and B.A. examinations in 1913 will be held on the 17th March 1913 and following days.

5. Applications with the countersignature of the undersigned and fees for admission to the above examinations must be sent to the *office of the Registrar on or before the 1st of February 1913* by the candidates direct.

P. MUKERJI,
Inspector of Schools, Presidency Division.

Arrangements will be made for systematic courses of lectures, tutorial classes, moot courts and regular exercises. Facility will also be given to students to read in the College Library after the College hours under the supervision of the Principal or of a member of the staff.

The College fees will be Rs. 6 per month. An admission fee of Rs. 6 will be charged in the case of first admission to the College.

Sixteen scholarships of Rs. 10 a month, each tenable for one year, have been established. Five of these will be open to competition among students of the first-year class, six among the students of the second-year class and five among the students of the third-year class. The scholarships in the first-year class will be awarded towards the end of September upon the results of the College test to be held at that time; those in the second-year class will be awarded upon the results of the preliminary examination in Law, and those in the third-year class upon the results of the Intermediate Examination in Law. All these scholarships take effect retrospectively from July. Twenty scholarships of Rs. 6 a month, tenable for one year, will also be awarded from the endowment established by the Maharaja of Cossimbazar.

Two scholarships of Rs. 32 a month, each tenable for two years, have been established, to be open to competition among students who have prosecuted their studies in the University Law College not less than a year. The award will be made upon the results of the final examination in Law and on condition that the recipients do prosecute a course of study for the M.L. Examination under the direction of the Principal.

Provision has been made for the residence of students who do not reside with their parents or guardians. Such students must apply on or before the 1st July 1912.

Students are recommended in all cases to take their admission before the 1st July 1912.

To the College is attached an extensive Law Library containing numerous sets of reports and text-books. The Library is divided into two sections—(A) for reference, (B) for lending. Books in section (A) may be consulted by students at any time from 9 A.M. to 6-30 P.M. Books in section (B) may be borrowed by students; no deposit is required, if one volume is borrowed. Those who deposit Rs. 5 are allowed to borrow two volumes at a time.

From the ensuing session, the College will be held in the spacious apartments of the Darbhanga Buildings just completed, and ample provision will be made for reading rooms.

During the last session, the Hon'ble the Vice-Chancellor presided over many of the moot courts. This arrangement will be continued during the ensuing session. Courses of lectures will also be delivered for the benefit of M.L. students; except by special order, no one will be admitted to these lectures who has not taken his Degree in Law from the University College.

All applications for admission are to be addressed to the Registrar, Senate House, Calcutta. Further information as also a detailed programme of the work may be obtained on application to the Librarian, University Law College, Senate House, Calcutta.

THE INDIAN LAW REPORTS.

Published in FOUR SERIES, viz.

CALCUTTA, MADRAS, BOMBAY AND ALLAHABAD.

THE Indian Law Reports, published under the authority of the Governor-General in Council, are printed in monthly Parts, which are issued, as soon as possible after the first of each month, at Calcutta, Madras, Bombay and Allahabad, respectively.

The Reports comprise four Series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court.

The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta series.

The Calcutta Series is distributed by the Bengal Secretariat Book Depôt: and the Madras, Bombay and Allahabad Series are distributed direct from Madras, Bombay and Allahabad, respectively.

Persons desiring to subscribe for or purchase the Reports should apply to—

the Officer in charge Bengal Secretariat Book Depôt, Calcutta, or
the Superintendent, Government Press, Madras, or
the Superintendent, Government Central Press, Bombay, or
the Curator of Government Books, United Provinces of Agra and Oudh, Allahabad.

RESOLUTION ON THE TRIENNIAL REPORT ON THE LUNATIC ASYLUMS IN BENGAL FOR THE YEARS 1909, 1910, AND 1911.

MUNICIPAL DEPARTMENT—MEDICAL.

Darjeeling, the 18th June 1912.

RESOLUTION No. 665T.—Medl.

READ—

The Triennial Report on the Lunatic Asylums in Bengal for the years 1909, 1910, and 1911.

Read also—

The Annual Returns of the Lunatic Asylums in Bengal for 1909 and 1910, with the remarks recorded thereon by Government.

THE Report under review deals with the Provinces of Bengal as it stood before the 1st April 1912.

2. The principal feature of the administration of the Lunatic Asylums in Bengal during the last three years has been the continuous rise in the daily average population, following a similar rise in the preceding triennium. The daily average was 886·54 in 1909, 926·48 in 1910, and 957·58 in 1911. This result is not due to any increase in the number of admissions, as the yearly average during the triennium was 172 against 179 of the previous three years and 211 of the triennium before that. The pressure upon the available accommodation has enforced an endeavour to restrict admissions to lunatics (*a*) who are dangerous, (*b*) who are absolutely incapable and have no one to look after them, (*c*) whose criminal propensities are a real nuisance to society; and to oppose the tendency of relatives to throw upon the State the burden of supporting harmless lunatics. The explanation of the rise in the daily average is to be found in the decrease in the number of discharges and deaths. A total of 296 persons were discharged during the three years, of whom 210 had recovered: the figures in the previous triennium were 344 and 223 respectively. There were 179 deaths during the three years against 226 in the previous triennium. The conclusion to be drawn from these figures is that, while more modern methods of dealing with lunatics have succeeded in reducing the mortality, increased strictness regarding admissions has eliminated the less serious cases of lunacy and has therefore necessarily reduced the number discharged as cured. The readmissions are almost entirely cases of criminal lunatics who had been discharged to stand their trial, and it may be assumed, therefore, that the cures were permanent. But the Report seems to show that the present asylum population consists to a very large extent of hopeless cases, and it may be expected in future that the number of cures and deaths combined will not equal the number of admissions; the daily average therefore will probably continue to rise.

3. The accommodation in the present Lunatic Asylums provides for 929 persons. It was therefore found absolutely insufficient for the insane population of 1911, and temporary accommodation for 90 more had to be provided. The provision of temporary accommodation is an unsatisfactory expedient, and the Asylums in the Province (though that at Berhampore was enlarged in 1905) have for some years been condemned as below the standard of modern requirements. Plans and estimates amounting to 20 lakhs had been carefully evolved for a first class Central Asylum, where a skilled alienist could apply modern methods of treatment, and it had been decided to locate the Asylum at Ranchi in conjunction with a Central Asylum for European lunatics for the whole of Northern India. The reconstitution of the Provinces has rendered necessary a reconsideration of this scheme, and the matter is under correspondence with the Government of Bihar and Orissa. But Government is of opinion that a modern Asylum should be constructed as soon as possible to contain 1,200 patients and the approved plans allow for a further increase in the accommodation, as, while it may be expected that the number of cures may increase owing to more scientific methods of treatment, the mortality will probably decrease; and it may be hoped that in the future insanity may be regarded more as a form of disease than as an irremediable infliction, and the relatives of insane persons may wish to have them properly treated at their own expense by a skilled alienist.

4. The total average annual cost of the Asylums was Rs. 1,62,577 against Rs. 1,49,525 in the preceding triennium. The average cost of each Indian lunatic, deducting the Public Works Department charges, was about Rs. 164 over the whole triennium, being slightly higher than in the previous triennium: the major portion of this is due to diet. There was a satisfactory rise in the receipts from paying patients,—Rs. 14,477 in 1909, Rs. 16,675 in 1910, and Rs. 19,005 in 1911 in the case of Indians; but as criminal lunatics constituted only 37·73 per cent. of the total population in 1911, it is probable that in many cases the relatives of the non-criminal patients are not sufficiently alive to their responsibilities for maintenance.

5. The daily average number of European lunatics rose slightly to 44·52 in 1911, and excluding the payments received, which increased in amount, the cost to Government per head was Rs. 312 in 1911. The provision of increased

and better accommodation for Europeans is even more pressing than in the case of Indian lunatics, and it is hoped that this will shortly be undertaken.

6. In spite of the overcrowding which has occurred, the health of the inmates of the Asylums during the triennium under review was good, and reflects credit on their administration. The number of admissions to hospitals was 655 in 1909, 630 in 1910, and 765 in 1911. The daily average number of sick was 115·72 in 1909, 82·81 in 1910, and 79·38 in 1911. At the Berhampore Asylum the admissions rose from 532 in 1910 to 643 in 1911, but this is ascribed to the treatment of a large number of trivial cases in the hospital in order to ensure proper supervision. Phthisis again proved one of the chief causes of mortality in all the Asylums. The statistics of Berhampore were adversely affected by the admission of 19 lunatics already suffering from this disease. The death-rate was 7·31 per cent. as compared with 8·94 in the previous triennium.

7. As in previous years, Calcutta and the district of the 24-Parganas provided more inmates than any other district in the province. *Ganja*-smoking is alleged to be the cause of insanity in the case of 122 lunatics admitted during the triennium under review. In 1911 the mental aberration in 22 cases is attributed to intemperance in drink as compared with 4 in 1910.

8. His Excellency the Governor in Council notes with satisfaction the increased attention which has been given to the organization of manufactures in the Asylums, chiefly as a means for keeping the patients employed. The proceeds from the sale of articles rose from Rs. 2,946 in 1909 to Rs. 5,296 in 1911, and the value of the manufactured goods made over for Asylum purposes rose from Rs. 17,178 in 1909 to Rs. 19,601 in 1911. The Berhampore dairy has been a great success. His Excellency the Governor in Council concurs with Colonel Harris in his appreciation of the services of the late Major C. J. Robertson-Milne, I.M.S., Superintendent of the Berhampore Asylum, who died in May 1911. To his efforts are due the good results which have been obtained at the Asylum in the face of considerable difficulties. The thanks of the Governor in Council are due to Colonel Harris for his Report and to the other officers who had charge of the Asylums.

By order of the Governor of Bengal in Council,

H. L. STEPHENSON,

Secretary to the Government of Bengal.

DISTRICT REPORTS ON WEATHER AND CROPS

For the week ending on the 24th June 1912.

Summary.—During the week under report the monsoon broke and rain fell all over the province. The fall was heavy in the Presidency, Dacca and Chittagong Divisions and in parts of Hooghly, Howrah and Rajshahi Division, and light to moderate elsewhere. The recent rainfall has facilitated he ploughing and transplanting operations and has improved the prospects of crops generally. The harvesting of early autumn rice on low land has commenced in places in the Dacca and Rajshahi Divisions. Damage to crops by rats is reported from the Chittagong Hill Tracts. The average price of common rice has risen by about 1 per cent. as compared with the previous week. Cattle-disease is reported to be prevalent in parts of Presidency Division, Burdwan, Dinajpur, Mymensingh and Noakhali.

MONTHLY WEATHER AND CROP REPORT OF BENGAL FOR MAY 1912.

I. *Character of the season.*—During the month under review rain fell all over the Province. The fall was below the average everywhere except in Nadia, Khulna, Birbhum, Hooghly, Dinajpur, Jalpaiguri, Bakarganj, and in all the districts of the Chittagong Division (Noakhali excepted), where it was in excess of the normal. A statement showing the rainfall in each district is appended.

II. *Progress of agricultural operations.*—Preparation of lands for the next season's crops and sowing of autumn rice and jute continued during the month. But more rain was wanted for the purpose in Murshidabad, Jessore, Burdwan and Rajshahi.

III. *State of standing crops.*—The newly planted sugarcane and vegetables were doing well.

IV. *Prospects and probable outturn of harvests.*—Prospects of the standing crops were favourable so far.

V. *Damage to crops.*—No damage to standing crops was reported by any abnormal causes.

VI. *Condition of agricultural stock.*—The condition of agricultural stock was on the whole good. Cases of cattle-disease were reported from Nadia, Murshidabad, Jessore, Dacca, Mymensingh, Bakarganj, Midnapore, Malda and Noakhali.

VII. *Failure of pasturage and fodder.*—Scarcity of water was reported from parts of the 24-Parganas and Murshidabad. Fodder was insufficient in parts of Murshidabad only.

VIII. *Prices of food-grains.*—During the second fortnight of the month under review the price of rice rose in thirteen and fell in three districts. It varied from 7 seers a rupee in Darjeeling and Chittagong Hill Tracts to 12 seers in Jalpaiguri.

IX. *Condition of agricultural people.*—The condition of agricultural population was good.
